AIxADB2025

9-12 SEPTEMBER 2025 | SINGAPORE

Harnessing AI for Public Sector Innovation and Fiscal Resilience

AIxADB is the Asian Development Bank's flagship forum for accelerating responsible and impactful AI adoption and readiness across Asia and the Pacific. Now in its second year, the event convenes senior government officials from over 20 developing member countries, ADB staff, and technology partners to explore how artificial intelligence can drive inclusive, resilient, and sustainable development. Through a dynamic mix of learning, collaboration, and hands-on problem solving, AIxADB provides a platform for showcasing practical AI applications, sharing real-world case studies, strengthening partnerships, and shaping regional approaches to AI governance and innovation.

Program Overview

Day 1
09 SEPT
2025

Venue: AWS Singapore Office & Innovation Hub (TBC)

LEARN & EXPERIMENT (AWS Immersion)

FOCUS: Cloud & AI foundations for government; Innovation Hub exposure; security; external policy/regulatory landscape; responsible AI at the ecosystem level.
