

2021 RESILIENCE LEARNING MONTH

ADB

LESSONS LEARNED FROM 'TYPE 2' ADAPTATION PROJECTS IN CENTRAL AND WEST ASIA

19 NOVEMBER 2021, FRIDAY
2:00-3:30 PM MANILA TIME (GMT+8)

CWRD will lead a panel to present experiences in developing, processing, and implementing 'Type 2' adaptation projects. This will cover a range of issues including upstream project programming, climate change modelling and risk assessments, expertise requirements, government capacity and buy-in, adaptation measures, and impacts and metrics.
