

Strengthening WASH Practices and Hygiene Behavioral Change in the Pacific

WORKSHOP SERIES

Asset Management—Condition Assessment

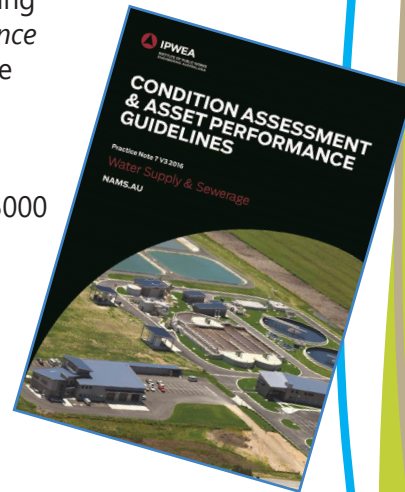

Wednesday, 14 April 2021 | 8am (Manila time)/10am (Sydney time) | via Zoom

The workshop will be based on the Institute of Public Works Engineering Australasia (IPWEA) manual *Condition Assessment and Asset Performance Guidelines – Water Supply and Sewerage*. This document deals with the management of water and sewer assets.

The following topics will be discussed:

1. Asset management in general and the international standard ISO55000
2. Levels of Service
3. Information management
4. Condition assessment and ratings
5. Data analysis

This workshop will cover some theory and have a focus on the practical aspects of condition assessment and maintenance planning.

FEATURED SPEAKERS FROM HUNTER H2O
