

# Strengthening WASH Practices and Hygiene Behavioral Change in the Pacific

## WORKSHOP SERIES

### Financial Sustainability of Water Utilities and the Impacts of COVID-19

Tuesday, 23 February 2021 | 8am (Manila time)/11am (Sydney time) | Via Zoom

The next in our series of workshops for Pacific utilities is on financial sustainability of utilities and the impact of COVID-19.

The team from Wedgewood White, Paul Webber and Paul White, will join us to go through their experience with the financial impacts of COVID-19 and some of the strategies that have been put into place by utilities to ensure their ongoing financial sustainability during the pandemic.

Alexandra Conroy from ADB's Pacific Department will moderate the session.

### FEATURED SPEAKERS

Paul White and Paul Webber are directors of Wedgewood White Limited, a New Zealand based consultancy specializing in financial, economic and commercial analysis of infrastructure businesses and projects.

Both are qualified in engineering and finance, and collectively have more than 50 years of experience globally across water, wastewater, electricity and gas sectors.

They work with engineers, senior executives, governments, financial institutions and regulators to deliver expert analysis of complex infrastructure problems.
