ADB STUDY ON INDUSTRY 4.0 IN SOUTHEAST ASIA

Webinar by ADB and SkillsFuture Singapore
21 May 2021 1:30 p.m.-3:00 p.m.
Manila time via Zoom

The webinar will present and discuss detailed insights from the ADB study *Reaping the Benefits of Industry 4.0 through Skills Development in High-Growth Industries in Southeast Asia: Insights from Cambodia, Indonesia, the Philippines, and Viet Nam*, based on surveys of employers and training institutions in the four countries. The study recommends renewal of skills development strategies with a life cycle approach to skills development. Leading experts will share insights and views on practical actions that ADB's developing member countries can take to reap the benefits of 4IR for their industries and to improve job prospects.
