ABOUT THE EVENT

Join the Asian Development Bank's North American Representative Office (ADB NARO) and the Chamber of Commerce Hawaii in Honolulu, Hawaii on Friday February 27th, 2026, for a dynamic Business Opportunities Seminar designed exclusively for U.S. companies ready to expand into fast growing markets across Asia and the Pacific. This event offers a unique gateway to the ADB's projects, spanning infrastructure, energy, digital development, and more.

Why U.S. Companies Should Work with the ADB

- **Access to a Multi-Billion-Dollar Project Pipeline:** ADB invests heavily across Asia and Pacific with an annual average pipeline of $35-$40 billion of lending a year, creating significant opportunities for U.S. firms to participate in fast-growing emerging markets
- **Transparent, Rules-Based Procurement:** ADB's procurement system is fair, open, and competitive—giving U.S. companies a level playing field and reducing the risks often associated with entering emerging markets
- **Strategic Entry Point to Asia and the Pacific:** Working with the ADB helps U.S companies establish credibility, visibility, and relationships in one of the fastest growing economies in the world

Why Should You Attend?

- Learn how to find procurement opportunities through the ADB's website
- Get a preview of pipeline projects in key sectors and regions
- Meet with ADB technical experts about priorities and upcoming opportunities
- Learn how to successfully bid on ADB contracts
- Meet with successful U.S. firms and consultants that have already won major ADB contracts
- Explore new partnerships through 1-1 matchmaking sessions
- Hear from a U.S. Commercial Representative to the ADB on how to get 'ADB Ready' and resources from the U.S. Department of Commerce

If your company is looking to grow internationally, build strategic alliances, and access one of the world's most active development markets, this seminar is your launch point.
