A vibrant sunset scene over a beach. The sky is filled with large, dark clouds illuminated from within by the setting sun, creating a dramatic orange and yellow glow. The sun is positioned in the upper right quadrant, partially obscured by a large cloud. The ocean is visible in the middle ground, with gentle waves washing onto the shore. In the foreground, the beach is dark, and several people are silhouetted against the bright light of the sunset. Some are walking along the water's edge, while others are sitting or playing in the sand. The overall atmosphere is peaceful and serene.

Good day!
