# Panel Discussion: Financing Sanitation

- What is needed to finance a sanitation project? Tariff but what else?
- Do government grants to initiate collection and treatment plant construction work?
- What is needed to make sanitation projects viable, bankable and sustainable?
- How can donors best use their funds to assist wastewater project development and implementation?
- How to balance affordability and quality/sustainability?
- What are the enabling conditions to make PPP investments work?
- What can be done to encourage sustainability? Performance contracts? Inclusion of O&M cost and life cycle cost in evaluation?
