***Dr . Ursula Schaefer-Preuss***  
***GWP Chair***

**13 Regional Water Partnerships**  
**83 Country Water Partnerships**  
**2,700+ Partners in 160+ countries**

# GWP's Strategic Approach

- 1. Water is key to sustainable development**
- 2. Integrating across sectors and involving multiple stakeholders (government, civil society, private sector) is a formula for success**
- 3. Bridging science and policy through knowledge sharing**
- 4. Capacity building for better water resources management**

# Urban Water Partnership in Karachi

**The global challenge of urbanisation being addressed in Karachi**

# Urban flood risk management framework for Dhaka

The global challenge of increasing flood risk being addressed in Dhaka

# Rural development boosted by Provincial Water Partnerships in China

The global challenge of reducing water use (or increasing efficiency) being addressed in rural areas

# Building capacity among water users in Rajasthan
