- Access times to CMS is verifiable
- Upload attachments as PDFs rather than DOCs as these attachments are automatically combined for the benefit of the evaluators

Important Information about CMS

Must read to ensure smoother transactions using the system!

General Reminders

- As with any online transactional system, **internet connectivity and speed are essential**. Please make sure your connection and speed are able to sustain ongoing transactions and updates to the screens.
- Review Quick Reference Guides (QRG) located at the right side of the CMS home page and view training videos to familiarize yourself with the system prior to working in the system. QRGs might have answers to your questions.
- Do not use the **Back** button of your browser to return to a previous screen. This is likely to result in an “expired page” and all updates may not be seen.
- Remember to click on the Logout link (appearing on the upper right portion of the screen) to properly end your CMS session.

Registration

- Encourage your associate/joint venture partners to register in CMS if they have not done so already.

FROM THE FAQ ON PAYMENT INFORMATION

Bank Payment and Intermediary Bank Information

1. When am I expected to enter bank payment information?
2. How do I enter payment information in CMS?
3. For preferred currency of payment, what determines the list of currencies available?
4. How many bank accounts can I maintain?
5. How do I change my preferred currency of payment?
6. What is the Beneficiary Bank and what information am I expected to provide?
7. What is an intermediary bank? I never had to enter it in the past, why should I do so now?

An intermediary bank is required when the currency referred to in your payment instructions is not the local currency of the country where the beneficiary bank is located (unless the indicated beneficiary bank is an ADB in-house bank). The intermediary bank is located in the country of the indicated payment currency. If the payment currency cannot be directly handled by the beneficiary bank, then payment will be coursed through the indicated intermediary bank. Transmittal charges will apply based on the specified intermediary bank.

8. My bank can handle multiple currencies; do I still need to enter information on the intermediary bank?

Step 6: Enter your preferred intermediary/correspondent bank details below. Failure to provide intermediary/correspondent bank details may result in increased transmittal charges, delays in processing payments and, on some occasions, return of un-applied transfers.

If you are unsure of what intermediary bank to provide, please ask your bank representative for the name of the Intermediary/Correspondent Bank they transact with for the currency stipulated in the contract. You may also visit the [CHIPS](#) website to determine the appropriate Intermediary Bank for your specific bank and contract currency. Note that ADB has no association with the CHIPS website and will not assume any liability for the completeness or accuracy of the pages found therein.
