Supporting Sanitation Innovations

Objectives:

- Introduce the Sanitation Financing Partnership Trust Fund.
- Discuss why we need such a trust fund.
- Explain how to access the resources under the trust fund.

Points for Discussion

- How do we get other donors interested?
- Are we recognizing the extra effort that is needed by the project managers, borrowers, consultants, and donors to work together on a single, larger project?
- What do borrowers think of this additional aid? How does it help the project and the relationship?
