Technology (ICT)  
Asian Development Bank Auditorium  
Manila, Philippines / 02 - 03 December 2014**

## **Session Brief for Evidence and Innovation Fair December 2, 1530-1730**

### **1. Session overview:**

This session provides time and space for engaging in more intimate conversations with experts and innovators on current projects that have applied information and communications technology in strengthening health systems.

### **2. Session Objectives and Expected Outputs:**

- Encourage networking and peer-to-peer learning
- Exchange information on interesting, promising and ongoing projects, approaches, initiatives, solutions
- Give space for participants to ask presenters about specific questions and/or share some of their own experiences

### **3. Session Format**

Each presenter will be provided with a table with surrounding chairs. Participants will be requested to select four exhibits they would like to view. The stands are scattered over the ballroom and/or a breakout room in order to allow free speaking without microphones.

The facilitator will ring a gong which will signal the start of a round. The gong will be rung every 30 minutes to signify the shift to the next round. There will be a total of four rounds.

Please note that in the preceding session, the presenter will have a chance to **advertise for one minute their respective station in order to allow participants** to make an informed decision. In addition, we will request for a **100 WORD OR LESS** description which we will put on the conference mobile app and conference website.

There will be approximately eight stations and each will have a pinboard decorated with a number and title of the topic. There may be one or more presenters in each stations (clustered into themes). Presenters are kindly requested to give an elevator pitch (2-3 minutes) about their topic one after the other followed by questions and answers from the participants.

Presenters are invited to prepare a one-page handout for reference, and can be shared on the conference website if requested.

## **Session Brief for Evidence and Innovation Fair December 2, 1530-1730**

### **b. Presenters**

Provide a brief introduction to what you are doing in your country or field of work. When you introduce yourself, tell what you are doing, and why you are sharing this approach. If there are several presenters in one station, please wait for the others to complete their elevator pitch. Moderate the discussion at your stand. Encourage people to ask questions and share their experiences. Keep the conversation going. Encourage questions and open discussion. Be open to the expertise of others at your stand.

Please note that you might have only a few persons at your stand in one round, while in the next one you might have a large group, but whoever comes to you has most likely a high and genuine interest in your topic and knowledge.

### **6. Logistics and Materials**

- a. One-page fact sheet (Name of Presenter, Contact Details, Country (or region), Title of Example, Summary, More information (Internet downloads, hard copies))
- b. 1 Pinboard per stand (you can attach posters or A4 printouts of your presentation slide (only large fonts or graphics))
- c. 1 Flipchart per stand
- d. There will be not enough projection systems. Pls bring a large enough laptop if you wish to project something.
- e. Number signs and title signs
