Opportunities

A. Direct with ADB

- Consulting services for project preparatory technical assistance engaged usually through firms. Policy and advisory technical assistance engaged through either firms or individual selections.
- Use of Project Design Advance on investment loans/grants envisaged. Opportunity to secure two contracts – PPTA with ADB, and PDA with Governments – to ensure project readiness
- Pipeline of port masterplans and port development projects in FIJ, NAU, SAM, and TUV. Port specialists and maritime engineers are needed!

Opportunities

B. Direct with Pacific DMCs

- Design and/or supervision consultants to ensure effective project implementation
- Detailed design consultants for projects using the Project Design Advance
- Civil works contractors
- Investment programs offer long term business opportunities for performing consultants, contractors, and service providers
