e-Procurement in INDIA

Presented By

A . K . Jain

Nodal Officer (e-Procurement Project)

Government Of India

USING
Software Developed by
National Information Centre
Named
GePNIC
Under
National e-Governance Plan

VISION

The vision of the e-Procurement MMP is "*To create a national initiative to implement procurement reforms, through the use of electronic government procurement so as to make public procurement in all sectors more transparent and efficient.*"

Web-address :- **http://eprocure.gov.in/mmp**

OBJECTIVES

1. To establish a one stop-shop for all services related to government procurement.

2. To reduce cycle time and cost of procurement.

3. To enhance transparency in government procurement.

4. To enhance efficiency of procurement.

5. To bring about procurement reform across the government.

SUPPORT

- Complete Backend Hardware , Storage and data Centre.

- Awareness Workshops.

- Training to Tendering Officials and prospective Bidders.

- Providing the support of Technical manpower.

- Installation of GePNIC software and make operative.

- Software maintenance and development activities.

- 24 x 7 Toll Free Central Help Desk.

- Actively assisted by Technical team.

- Free DSCs for Tendering Officers.

IMPLEMENTING AGENCY ROLE- PART-1

- A formation of core committee.
- The core committee shall identify one or two departments as the pilot departments.
- Core committee shall monitor the pilot project.
- The core committee can take decisions including Policy and following up implementation plan at each stage. All policy related decisions like revision of tendering rules, issue of executive instructions, finalizing the Standard Bidding Document across line Departments, vetting them, drafting and signing of MOU with banks etc to be taken by the committee.
- Awareness workshop of GePNIC Solution.
- Inputs from the Finance and Legal teams.
- Issuing of enabling Government Orders and Notifications.
- Setting up of Local Help Desk / Project Monitoring Unit.

IMPLEMENTING AGENCY ROLE-PART-2

- Identifying and providing Training to department users and bidders.

- Creating Awareness about e-Procurement through media.

- Launching of pilot tenders.

- Extend the solution to other departments by adding more departments under the e- procurement platform

- Enhance the scope of coverage by decreasing the threshold limit to Rs.10 Lakhs and gradually reducing to Rs. 1 Lakh.

- State Government can also mandate e-Procurement by necessary Government Orders/Legislations/Acts

- Infrastructure Setup for Facility Management Personnel.

The Mission Mode Project (MMP) of eProcurement under the National eGovernance Plan aims at making government procurement simplified, transparent and result-oriented. This portal is planned to consolidate all the tenders floated at various State Government and Union Territories across the country.

The objectives of eProcurement MMP are:
- To establish a one stop-shop for all services related to Government procurement
- To enhance efficiency of procurement
- To reduce cycle time and cost of procurement
- To enhance transparency in Government procurement
- To bring about procurement reform across the Government
