# Country Partnership Strategy

## People's Republic of China: Country Partnership Strategy (2016–2020)

Institutional Document | January 2016

ADB's country strategy will support the government's reform agenda by focusing on the following strategic priorities: managing climate change and the environment, promoting regional cooperation and integration, supporting inclusive economic growth, fostering knowledge cooperation, and supporting institutional and governance reform.

These strategic priorities are aligned with the PRC's 13th Five-Year Plan 2016–2020, ADB's Midterm Review of Strategy 2020, and ADB's approach to supporting upper middle-income countries.

The prequalification of contractors are undertaken for most large, ADB-financed civil works contracts, turnkey contracts and contracts for the supply of expensive and technically complex equipment. ADB reviews and approves the prequalification process conducted by the Borrower's executing agency and publishes lists of prequalified contractors for contracts with estimated value of \$10,000,000 and above.
