2. INTRODUCING THE TOOLBOX

3. GETTING ENGAGED

1 WHY DOES LOCALIZING MATTER?

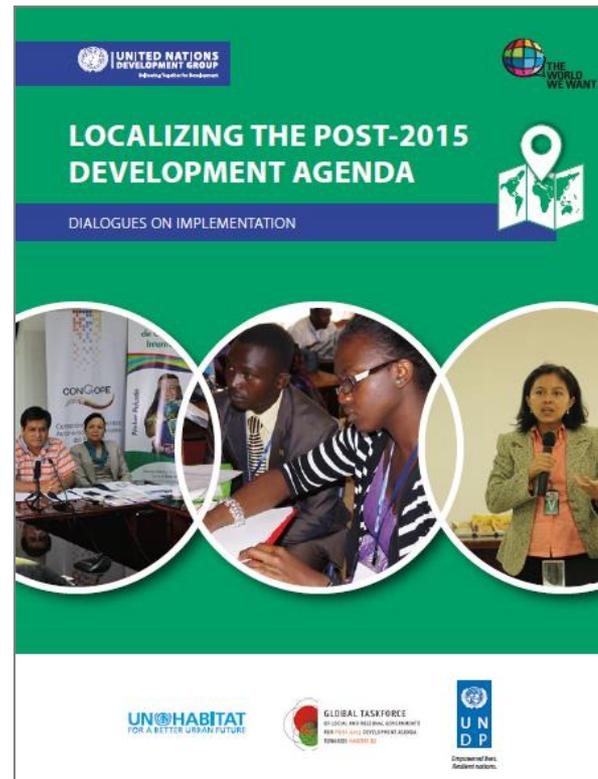

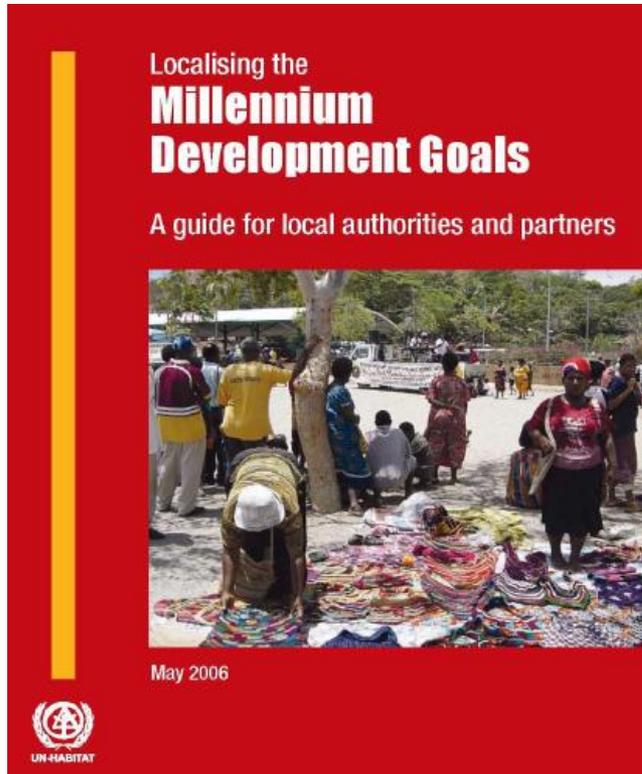

- SDGs are global - their achievement will depend on our **ability to make them a reality** in our territories.
- All of the SDGs have **targets directly or indirectly related to the responsibilities of local and regional governments**, particularly in delivering basic services
- **SDG 11 is the lynchpin of the localizing process.** Cities and regions are ideally positioned to transform the broad 2030 Agenda into a concrete and efficient one.
- **Localizing is the way to ensure that no one is left behind**

“Local spaces are ultimately the key site of delivery and development and, as such, local government is central to the success of sustainable development”
