## CMS Tip 3:

Provide intermediary bank details.

### What is an Intermediary Bank?

An intermediary bank is required when the currency referred to in your payment instructions is not the local currency of the country where the beneficiary bank is located (unless the indicated beneficiary bank is an ADB in-house bank). The intermediary bank is located in the country of the indicated payment currency. If the payment currency cannot be directly handled by the beneficiary bank, then payment will be coursed through the indicated intermediary bank. Transmittal charges will apply based on the specified intermediary bank.

### Why do I need it?

To avoid unapplied payments, delays and unnecessary transaction fees.

## Important Information about CMS

Must read to ensure smoother transactions using the system!

### General Reminders

- As with any online transactional system, **internet connectivity and speed are essential**. Please make sure your connection and speed are able to sustain ongoing transactions and updates to the screens.
- Review Quick Reference Guides (QRG) located at the right side of the CMS home page and view training videos to familiarize yourself with the system prior to working in the system. QRGs might have answers to your questions.
- Do not use the **Back** button of your browser to return to a previous screen. This is likely to result in an “expired page” and all updates may not be seen.
- Remember to click on the Logout link (appearing on the upper right portion of the screen) to properly end your CMS session.

### Registration

- Encourage your associate/joint venture partners to register in CMS if they have not done so already.

# Preparing and Submitting Proposals

# Regarding online CMS proposals:

- CMS does not function as a dropbox for proposals; ample time for data entry of fields should be reserved
- Access times to CMS is verifiable
- Upload attachments as PDFs rather than DOCs as these attachments are automatically combined for the benefit of the evaluators

Action Items

 **TIP** The Dashboard serves as a convenient starting point to directly access pending CMS tasks and online help and references. For inquiries, contact [cmshelp@adb.org](mailto:cmshelp@adb.org).

**IMPORTANT:** Please remember to save your data every 15 minutes to avoid losing changes due to system timeout.

Unfortunately your technical proposal does not meet the minimum technical score of 750 points.

Your financial proposal has remained locked and encrypted, and will remain so until its deletion from ADB's system after the completion of the selection process, in accordance with Paragraph 39 of the Instructions to Consultants.

We will email you the results of the public opening of financial proposals on 28 May 2010 at 12:00 pm +8 GMT.

We are indeed grateful for your participation and do hope to consider you again for other similar assignments.
