Regional Technical Assistance on Supporting Implementation of Environment-Related SDGs

- To ensure that environment dimensions of the SDGs, in particular, SDGs 12, 14 & 15, are not neglected.
- To strengthen the capacities of ADB's developing member countries to integrate the environment dimensions of the SDGs into national policies, plans and programs.

Inter-linked nature of the SDGs

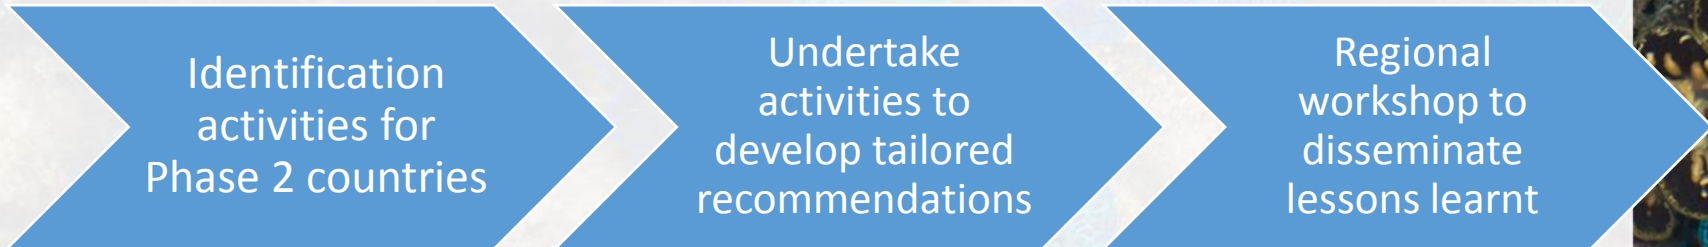

Phase 1 activities

1. Stocktaking and review study of current efforts on integration and implementation in 15 selected DMCs
2. Inventory of approaches, tools and methods for potential use in a national context
 - Draft tools inventory feeds into technical guidance materials for finalization during Phase 2
 - DMCs need to determine what combination of tools is best for their needs
3. Regional Knowledge Sharing Workshop:
 - To review and validate preliminary findings of stocktaking and review study
 - To share experiences and challenges encountered, and discuss tools and approaches

Phase 2 activities

1. Undertake activities—utilizing tools—to develop tailored recommendations for integration and implementation
 - Deep dive stocktaking and review confirms needs of 3 DMCs
 - Supported activities to address integration and implementation challenges
 - Utilize tools from draft tools inventory most relevant to the DMC’s situation
 - Tailored recommendations, including work plan and resource mobilization strategy for subsequent implementation
2. Regional workshop towards end 2019
 - Disseminate lessons learnt on addressing integration and implementation challenges from activities in the 3 DMCs
 - Build DMCs’ capacities to use the technical guidance materials developed

Regional workshop objectives

- Share the preliminary results and findings of the TA's regional stocktaking and review study and the draft tools inventory
- Create opportunities for cross-country learning and knowledge sharing
- Exchange experiences and discuss issues and challenges encountered
- Reflect on next steps to strengthen the implementation of the environment dimensions of the SDGs, particularly through their integration into national policies, plans and programs

Regional workshop format

DAY 1

- **Opening Session**
- **Context Session**, findings of stocktaking and review study
- **Knowledge Café** on issues, challenges and capacity needs
- **Country Session I**, experiences of planning and finance ministries

DAY 2

- **Country Session II**, experiences of environment ministries
- **Innovative Tools and Approaches**, draft tools inventory and examples
- **Regional Initiatives, Tools and Approaches**, experience of development partners
- **Moving Forward and Closing**

Thank you!
