- 7 E-Prison – Digital Innovation in Prison Management
- 8 Manav Sampada – E-Tool for Human Resource Management
- 9 DARPAN – Dashboard for Analytical Review
- 10 BhuNaksha– Digital Mapping to Simplify Land Management
- 11 ReALCraft– Registration and Licensing of Fishing Craft

GePNIC (Government e-Procurement System of NIC) addresses the procurement/tendering requirements of various government departments and organisations.

GePNIC enables a bidder organization to access the tender documents online and receive the bid alerts on email and SMS. It also shortens the procurement cycle and enable Procuring entities to generate dynamic reports

GePNIC can be easily adopted for all kinds of procurement activities such as goods, services and works.

GePNIC follows tender rules, general financial rules and periodic tendering guidelines issued by the Central Vigilance Commission (CVC), the World Bank and the Asian Development Bank (ADB).

Benefits of Digital Public Procurement

For buyers

- Simplified, fast and efficient process with full transparency
- Standardisation of procurement processes across government departments
- Digital signature ensures integrity and authenticity
- Shortened procurement cycle with minimisation of human errors
- Ensures probity in government process and generates dynamic reports
- Reduces litigations/complaints
- Vendor portfolio displays performances of participating organisations

For sellers:

- 24X7 access to tender documents and their synopsis
- User-friendly process with free portal registration and participation
- Robust, fair and transparent system with anonymity in bid submission
- Facility to witness online bid opening and availability of document repository
- Resubmission/withdrawal within the timeline

Highlights

- RFP/ RFQ/ EOI/ Global tenders with multi-currency/ open/ single/ limited/ tender cum auction (eRA)/ rate contract
- Automated tendering process eliminates manual intervention
- Quality and cost based system with facility for online payment and refund
- Forward and reverse auction, vendor management and automatic comparative charts
- Tender status in public domain ensures complete transparency

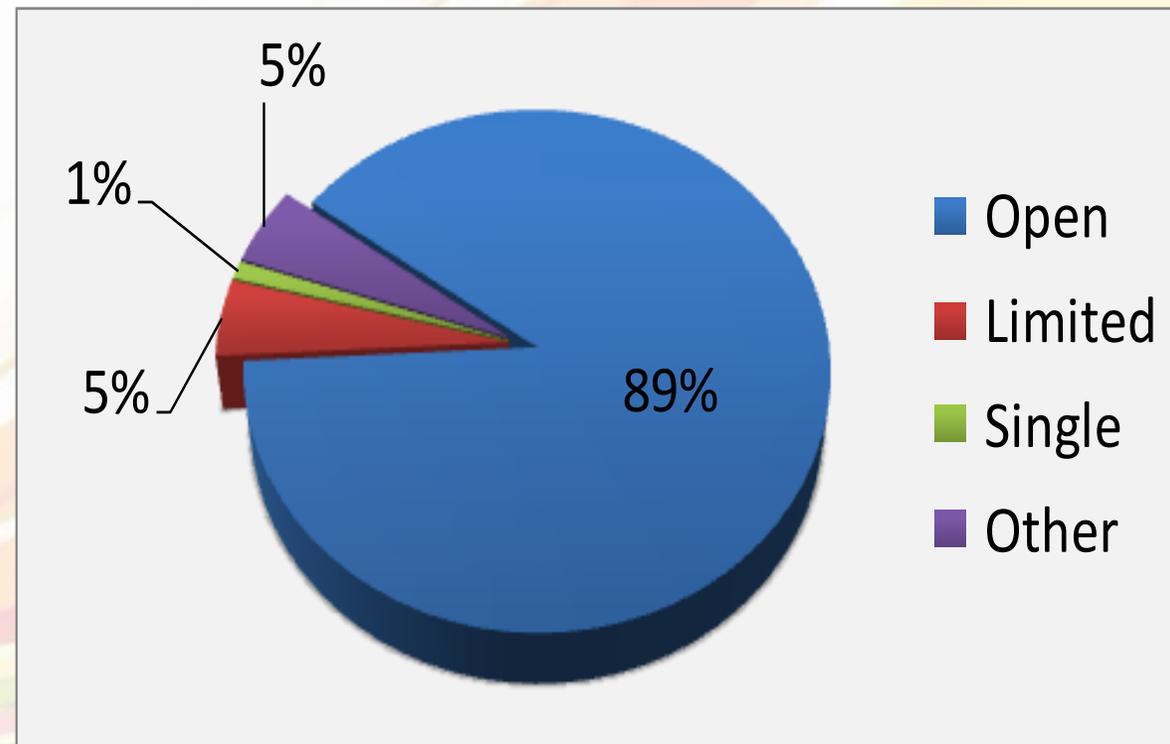

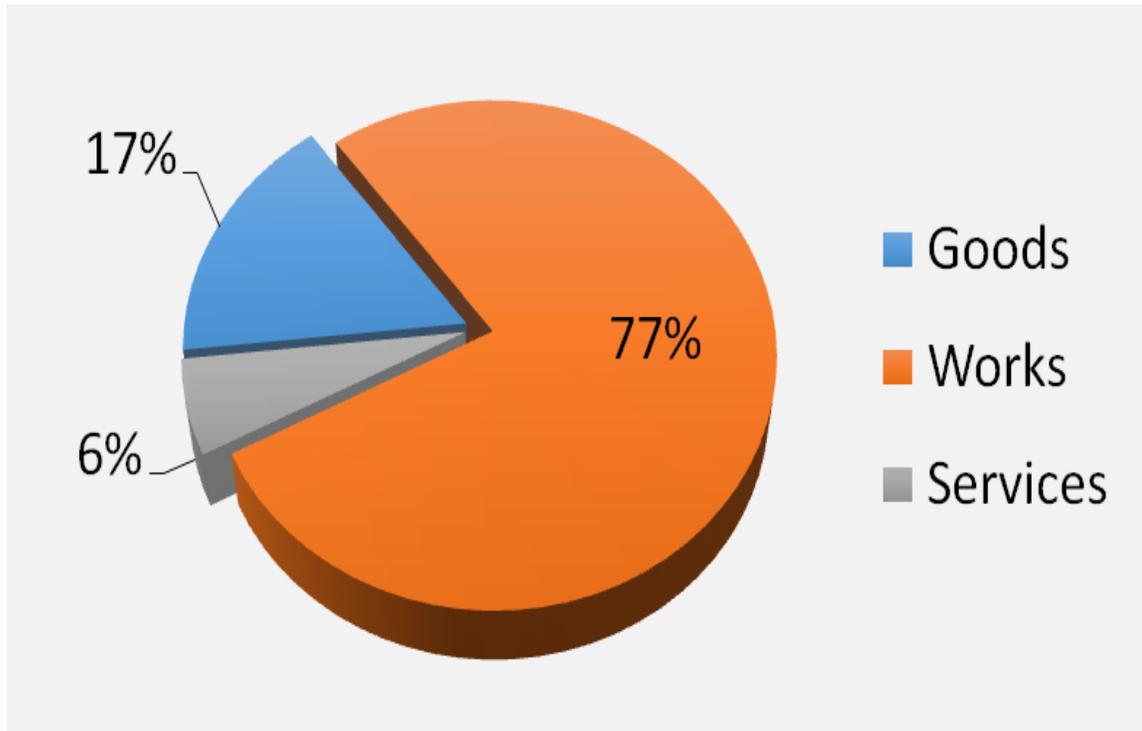

National Informatics Centre, MeitY has developed e-Procurement software system (GePNIC) as a product in consultation with Procurement Policy Division, DoE, Ministry of Finance for facilitating electronic Procurement in Government.

- ❑ Used by – 27 States & Union Territories and over 400 Central Government Procuring Entities
- ❑ spanning over 44 Live instance. It also includes eAuction which is being extensively used by – 6 States covering 6,000 (Multilot and Single Lot Auctions) worth ₹ 6,635 Cr (USD 921.53 Millions.
1 USD is approx 72 Rs.)

❖ Tenders published in this FY is and 5,02,726 (.50 Million) total value worth ₹ 823019.23 Cr.
(USD 114,308 Million)

- ❖ 35,99,378 (3.5 Million) e-Tenders processed worth ₹ 55,06,328.82 cr (USD 764,767.89 Million)
- ❖ since inception.

Year	Electronic Tenders	Value of Tenders (₹ In Cr.)	% Increase over previous year	Average tenders in a Month
2017-18	11,11,230	19,58,787.38	62.94%	92,603
2016-17	6,81,971	8,90,968.84	32.72%	56,831
2015-16	5,13,842	6,92,177.78	66.37%	42,820

- Single product, configurable workflow with selective features.
- Caters to Goods, Works & Services
- Facilitates RFP /RFQ/EOI/Global tenders with Multi Currency/ Open /Single /Limited / Reverse-Forward Auction / QCBS/RC .
- Configurable Technical Parameter sheet with Auto tendering process with No manual intervention, Item wise evaluation, General Technical Evaluation
- Online Tender Fee, EMD Payment and automatic Refund
- Vendor Management including Debarment along with Vendor Portfolio indicating performance across participated organisation.
- Automatic Comparative charts.
- Complete transparency thru Tender Status in Public Domain
- SMS-Mail alerts/Mobile App/Dashboard
- Grievance Escalation

Functional

- Two factor authentication
- Bid encryption (Technical & Financial) at client end using PKI Technology
- Digital Signing of all documents
- Data Secured on transit using SSL
- Secured Hosting in ISO 27001:2013 & 20000-1:2011 Certified Data Centre
- Role based access system
- Log shipping, NTP configured
- Replication of data & backup facility.
- 24 X 7 availability of the system
- Periodic audits by STQC as per EPS guidelines
- Web Service for push/pull of Data with external entities such as CCA, NTP, GeM, Railways, MSME.

Security

Major Ministries / Depts.
