We built a CMS to make HR, accounts, student attendance taking and report writing easily accessible.

70% of our admin & classroom assistants are persons with physical and/or intellectual disabilities.

100% of them are motivated to **access** the system daily to contribute efficiently.

We build and procure accessible rather than assistive technology.

ACCESSIBLE VS ASSISTIVE

INTERACTIVE VS INFORMATIVE

- text to speech rendition
- speech output
- Augmentive and Alternative Communication (AAC)
- concept of 'cause and effect'
