

Developing an IFRM Roadmap

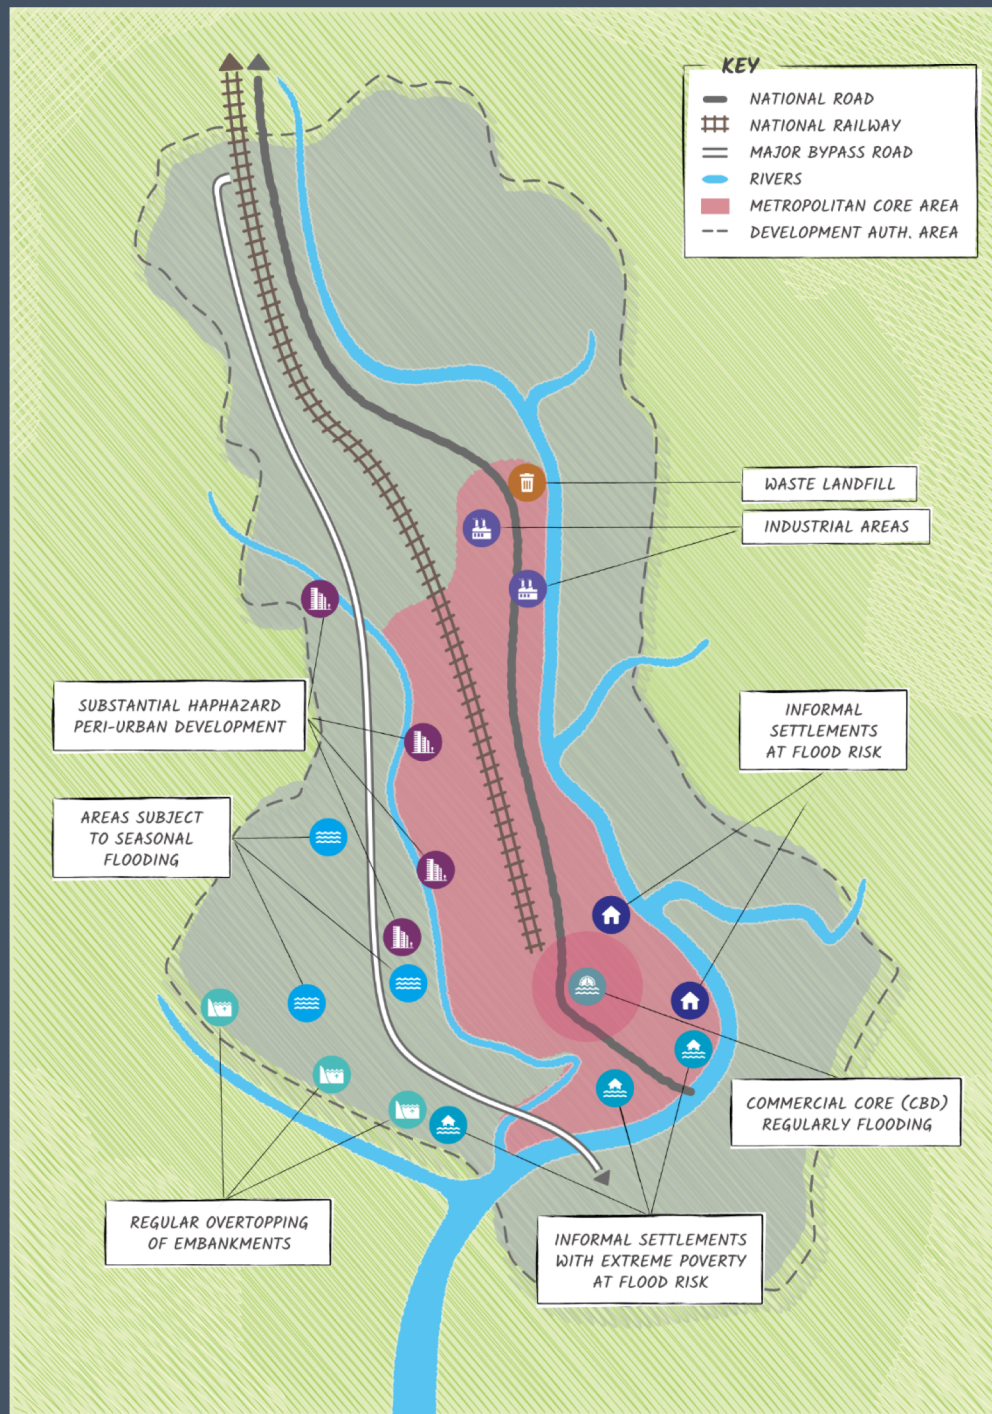

Group Discussion

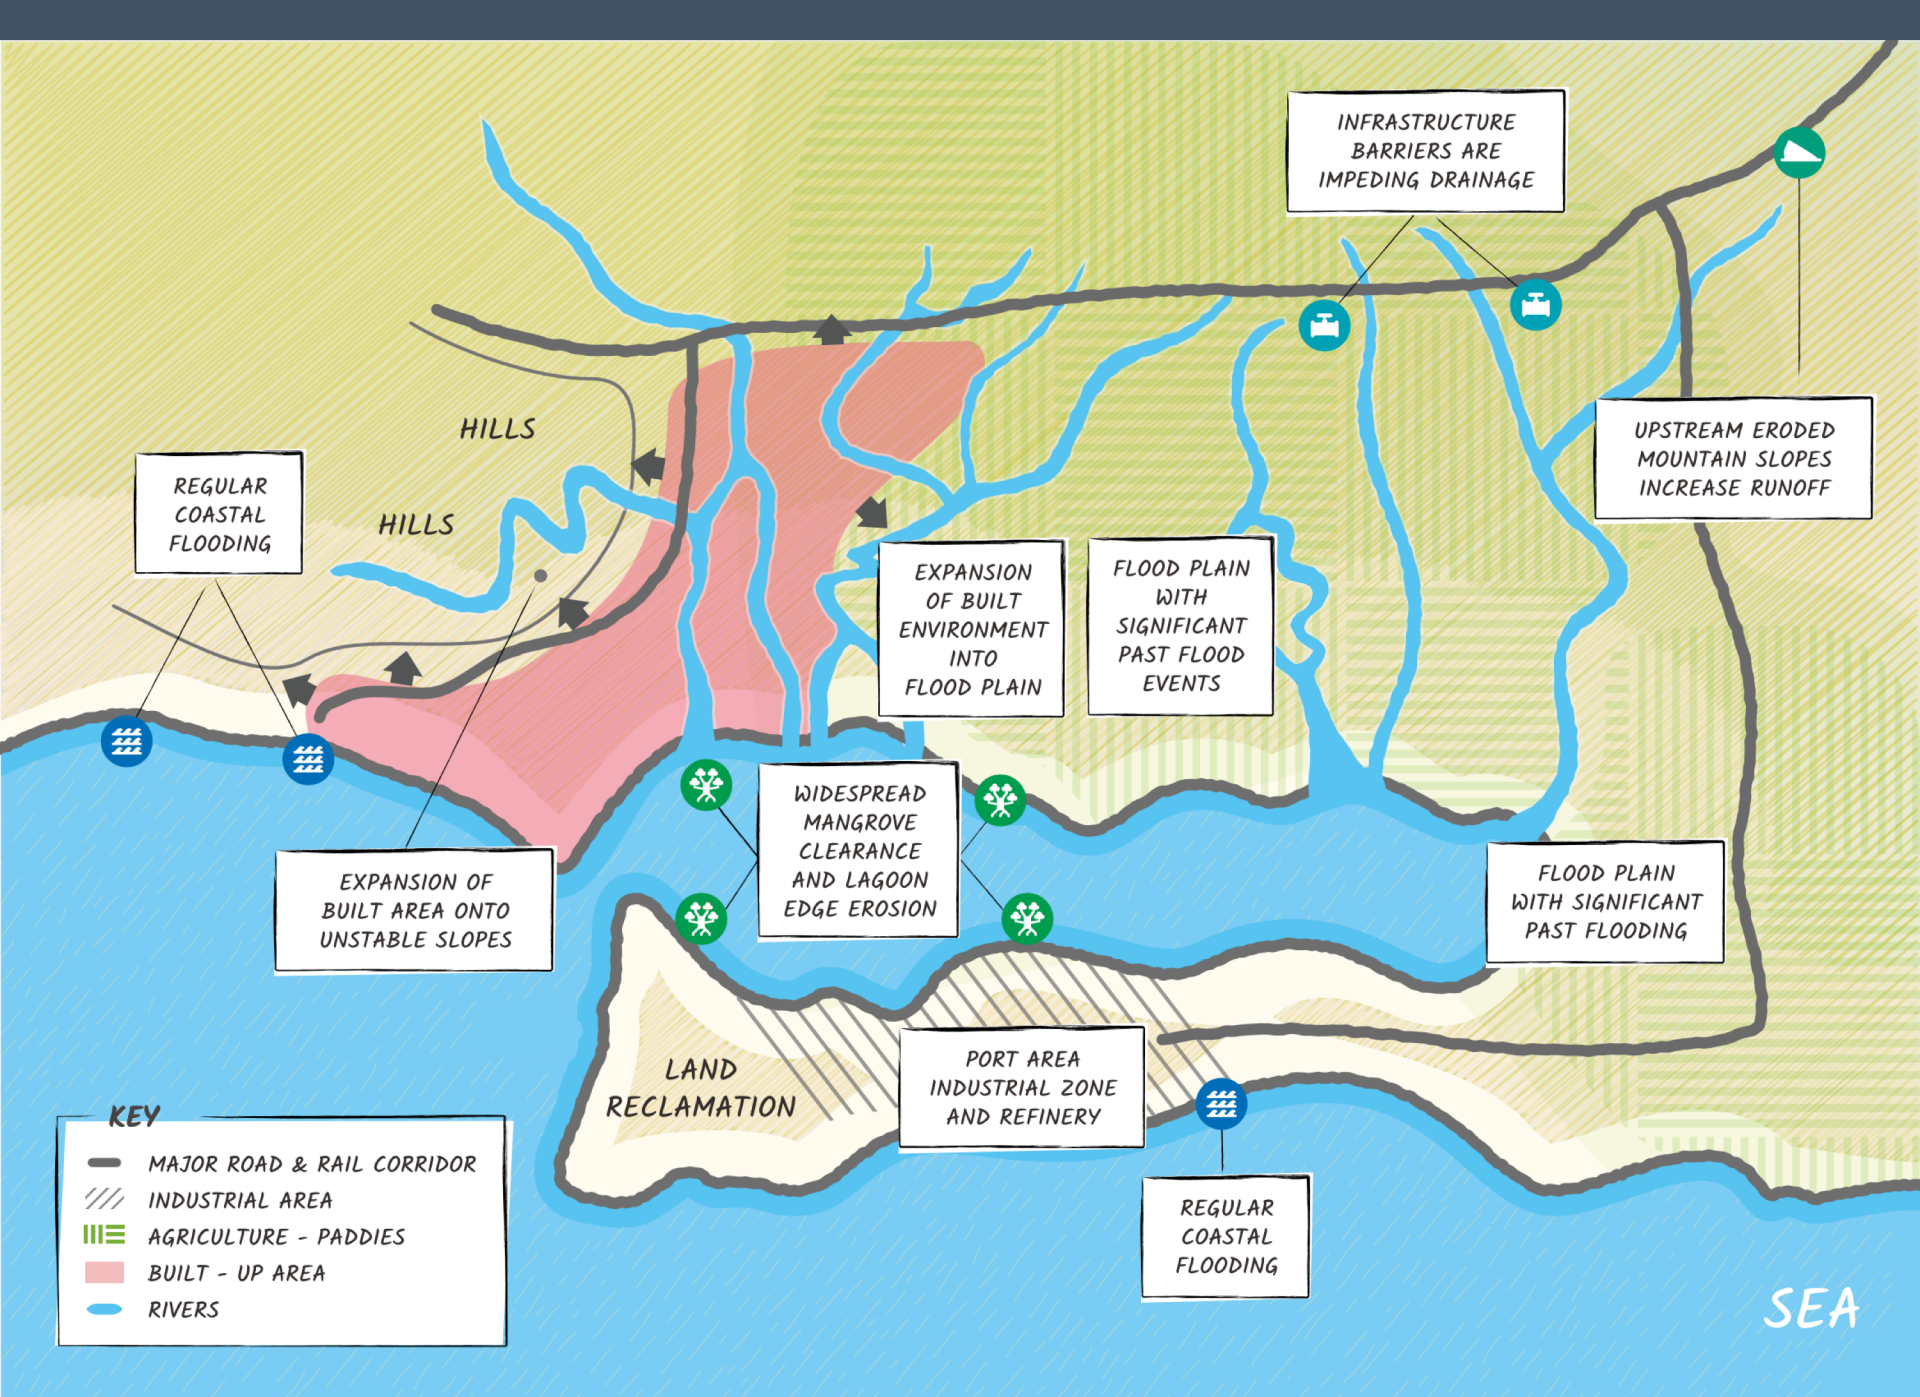

The situation

- Recent catastrophic flooding in the Tranquil River Basin adjacent to Serene Coast has led the recently elected Prime Minister to demand immediate action.
- Three areas have been particularly affected. The PM has instructed that an **Action Group** be set up in each area comprising locally elected representatives, senior officials and technical staff.
- Each **Action Group** has needs to draw up a practical response that can move swiftly towards implementation.
- The PM has demanded, visible, and achievable progress.

Action Group Tasks

1. Identify the the area **vision** and **main issues** (allow 20 minutes)

Vision

- Forward thinking which economic, social, and sustainability priorities

Main issues

- What affects achievement of this vision

Task 1 – Identify your Vision and Issues

VISION:

ISSUES:

- X
- X
- X
- X

Action Group Tasks

1. Identify the the area vision and main issues (allow 20 minutes)
2. Based on your vision and issues brainstorm a range of high potential issues and identify why this is a potential solution (allow 20 minutes)

Task 2 – Identify potential solutions

VISION:

ISSUES:

SOULTIONS

WHY IT IS NEEDED (RATIONALE)
