Dear doctors and all of madrial works Iam writing to express my most soncere gratitude for what now did for me when I suffered this disaster. thank you for saved my life

Since my symptoms was not so obvious, I can not imgory that without your advanced medical technology and professional attitude, what will happon to me and my family.

I have been deepby moved by your neighbor liness, you gave me meticalous care. As the saying gues in china, 'the healer has benevolence' ( Etation), to me. you are more than that all of you are my heroes, and I will never forget this experience. I will learn from Aver and try my best to help others for the rest of my lift. Thank you and your government once again for all you did for me, if there comes a day when we get over this illness, welcome to my hometown. you will always be my honoral guests and best friends
