Background (1) – Geographical Focus – **Southeast Asia:** **Connectedness, Shared species and issues**

Updated from Ms Tomoko Ichikawa, Communication Officer, EAAFP 2017.

Background (2)

▷ EAAFP MOP8 (2015), MOP9 (2017)

▷ ASEAN (2017)

- March – 27th AWGNCB Endorsed establishment of ASEAN Network on Wetlands and Migratory Waterbirds Conservation
- Endorsed 3-year project proposal

AFN Framework (1)

B. COMPOSITION

Core Members

- All AMS (nominated National Focal Points)

Non-Core Members

- Partners at site, local national, regional and international levels (can include governmental, intergovernmental, NGOs, academics, etc.)

DECISION-MAKING

- Consensus by core members
- Take into consideration advice of non-core members

AFN Framework (2)

C. TERMS OF REFERENCE

1. **Facilitate cooperation and exchange** of knowledge and experience, including good practices and expertise.
2. Provide support and collaborate **with site-level managers** in addressing the challenges of wetlands and migratory birds conservation
3. Coordinate and facilitate **the implementation of activities**, where funding is available
4. Provide **strategic recommendations to the relevant ASEAN Working Groups**, in particular Nature Conservation and Biodiversity; and Coastal and Marine Environment
5. Explore opportunities **for funding and partnership arrangements** to implement key activities (example, capacity development; communication, education and public awareness)

AFN Framework (3)

D. MODALITIES OF OPERATION

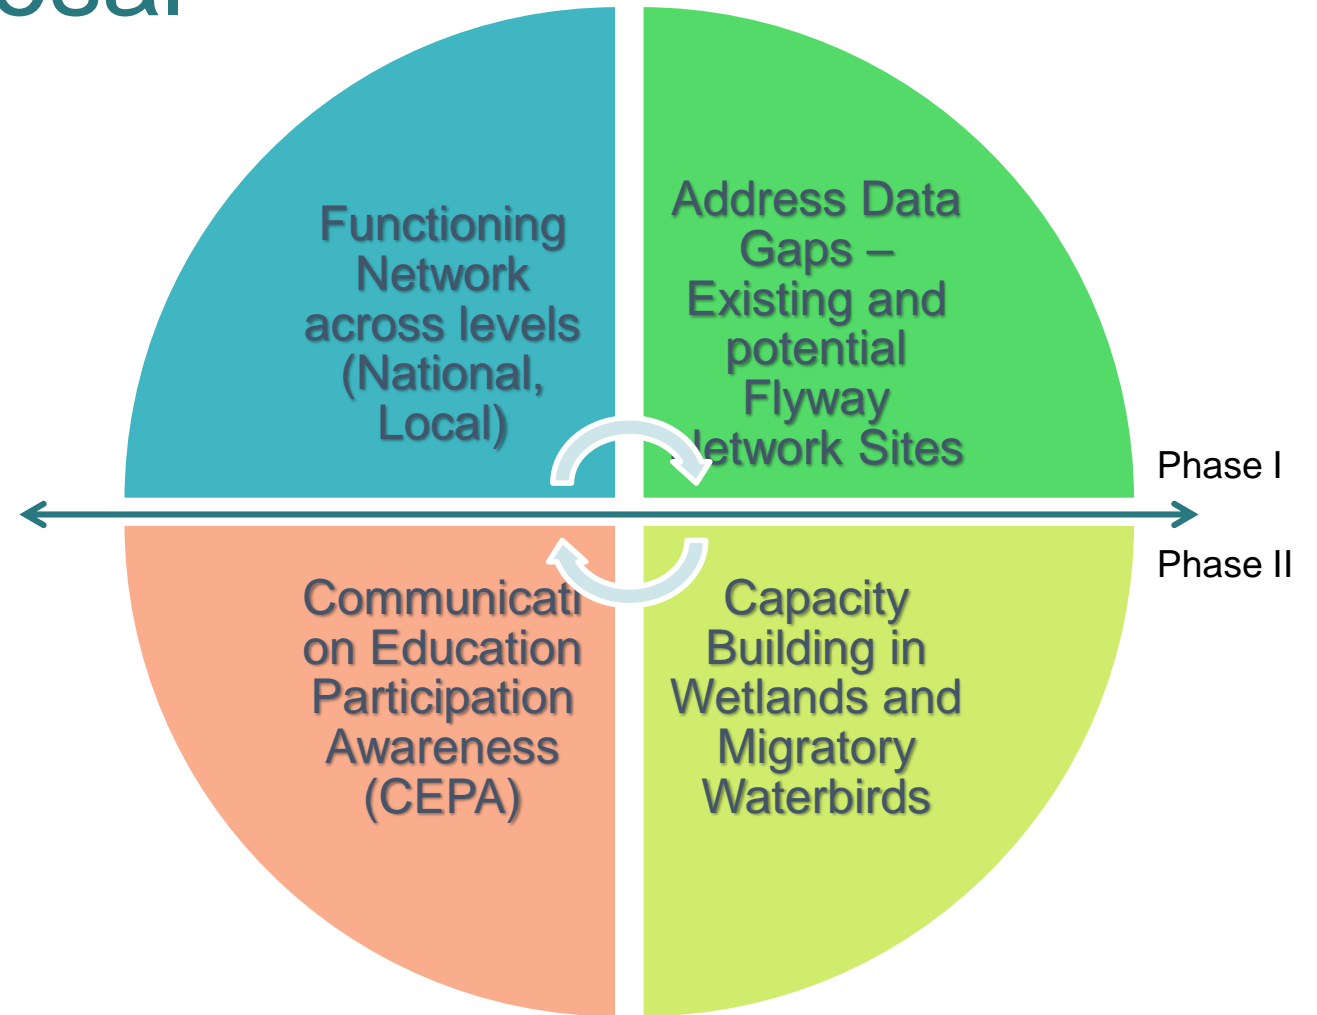

1. The Network will largely operate as a **virtual network**. An ASEAN Member State may wish to take the lead in coordinating the Network; with the support of its core members. The lead country coordinatorship will be reviewed every two years.
2. When funding is available or opportunities arise, the Network may conduct face-to-face meetings.
3. The Network will provide a brief of its activities on an annual basis to the annual meetings of the ASEAN Working Group on Nature Conservation and Biodiversity and other relevant working groups such as the ASEAN Working Group on Coastal and Marine Environment.
4. The Network is established initially for 5 years upon the endorsement of the ASEAN Working Group on Nature Conservation and Biodiversity; and the need to sustain the Network will be reviewed at the end of 5 years.
5. Any members may provide recommendations to amend the Terms of Reference (inclusive of items B, C and D) and will be considered as adopted when there is consensus by its core members in writing.

PROJECT IMPROVING BIODIVERSITY CONSERVATION OF WETLANDS AND MIGRATORY WATERBIRDS IN THE ASEAN REGION

AFN JAIF Project Proposal

- ▷ Budget of USD 2.1mil
(Singapore as Lead with ACB, EAAFP Secretariat, Wetlands International, Birdlife International inputs)
- ▷ April – ASOEN endorsement
- ▷ Advised by Government Japan to split the proposal into 2 Phases
- ▷ 21 Dec 2017 – Funding approval

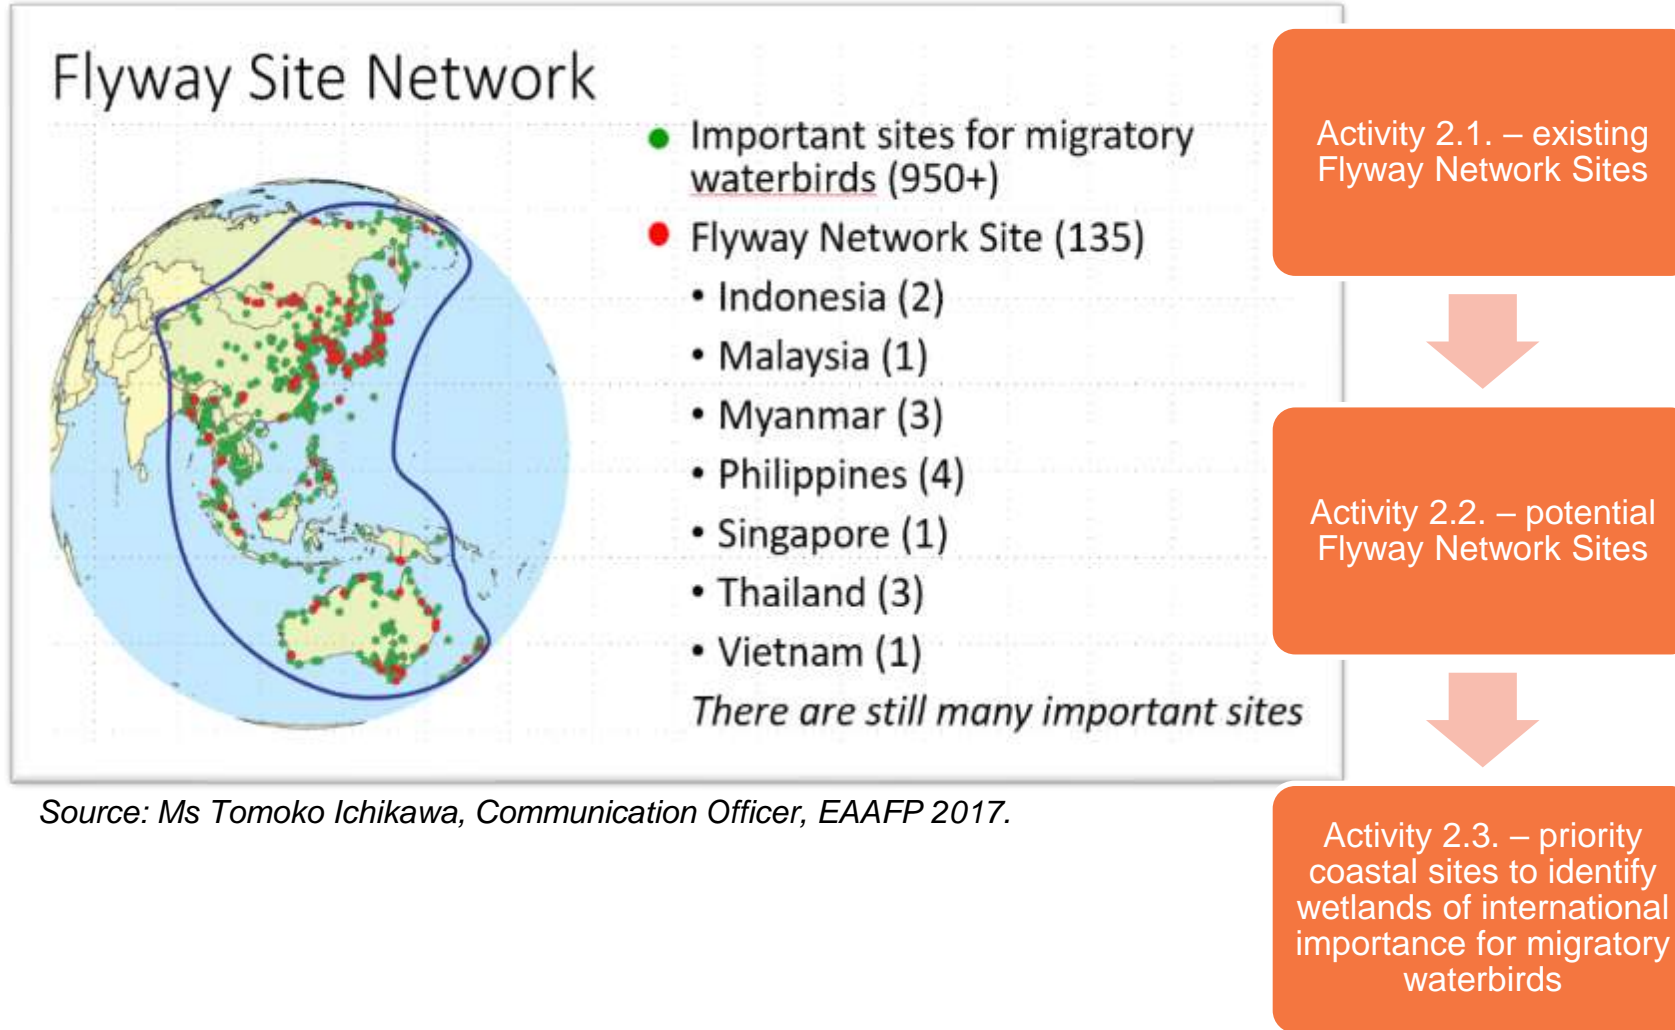

A well-functioning ASEAN Network on Wetlands and Migratory Waterbirds Conservation

Activities for Phase I (3)

2. Improved knowledge of wetlands and migratory waterbirds in ASEAN Member States

Source: Ms Tomoko Ichikawa, Communication Officer, EAAFP 2017.

2.1 Existing EAAFP Network Sites in ASEAN (16 sites in 2017)

Indonesia:

- Wasur National Park
- Sembilang National Park

Malaysia:

- Kapar Power Station Ash Ponds (Focal Point informed to remove)
- Bako Buntal Bay

Myanmar:

- Gulf of Mottama
- Indawgyi Wildlife Sanctuary
- Moeyungyi Wetland Wildlife Sanctuary

Philippines:

- Olango Island Wildlife Sanctuary
- Naujan Lake National Park
- Tubbataha Reefs Natural Park
- Negros Occidental Coastal Wetlands Conservation Area

Singapore:

- Sungei Buloh Wetland Reserve

Thailand:

- Krabi Estuary and Bay
- Pak Thale – Laem Phak Bia
- Khok Kham

Vietnam:

- Tram Chim National Park

Activity 2.2: Baseline Surveys for 10 identified potential priority sites for inclusion into the EAAF

Brunei - Pending

Cambodia Trapeng Thmor
Protected Landscape
(ATT) , Boeung Prak
Lapouv Protected
Landscape (BPL)

Indonesia – pending

Lao PDR

Important Bird Areas of
Mekong River from Luang
Prabang to Vientiane (two
to five sites)

Malaysia - Pending

Myanmar – *reallocate*

Philippines

- Sibugay Wetlands

Singapore – *reallocate*

Thailand

- Don hoilot – Ban
khlongkhone

Viet Nam

- Tram Chim National Park ,
Xuan Thuy National Park

Activity 2.3: Species specific surveys and data collection to draw regional migratory flyway trends and population sizes

Indonesia

- ▷ Lhokseumave to Kuala Bagok, North Aceh District, Sumatra
- ▷ Delta of Sungai Kayan, Tanjung Selor, NE Kalimantan

Malaysia

- ▷ Sungei Besar to Klang islands, North central Selangor

Philippines

- ▷ Northwest Coastal area of Panabo and north coast of island in Davao Bay, Mindanao

Vietnam with Japan

- ▷ Mekong Delta intertidal wetlands, southwards from Ho Chi Minh, including the southwestern tip of the peninsula

***New Sites added from Phase I Project**

EIGHTEEN FLYWAY NETWORK SITES IN THE ASEAN REGION (As of June 2019)

Cambodia (1)

EAAF 144 Anlung Pring Protected Landscape*

Indonesia (2)

EAAF 008 Wasur National Park

EAAF 108 Sembilang National Park

Malaysia (1)

EAAF 112 Bako Buntal Bay

Myanmar (5)

EAAF 117 Gulf of Mottama

EAAF 118 Indawgyi Wildlife Sanctuary

EAAF 119 Moeyungyi Wetland Wildlife Sanctuary

EAAF 139 Nanthar Island and Mayyu Estuaries*

EAAF 140 Meinmahla Kyun Wildlife Sanctuary*

Philippines (4)

EAAF 007 Olango Island Wildlife Sanctuary

EAAF 062 Najuan Lake National Park

EAAF 123 Tubbataha Reefs Natural park

EAAF 135 Negros Occidental Coastal Wetlands
Conservation Area

Singapore (1)

EAAF 073 Sungei Buloh Wetland Reserve

Thailand (3)

EAAF 084 Krabi Estuary and Bay

EAAF 121 Pak Thale – Laem Phak Bia

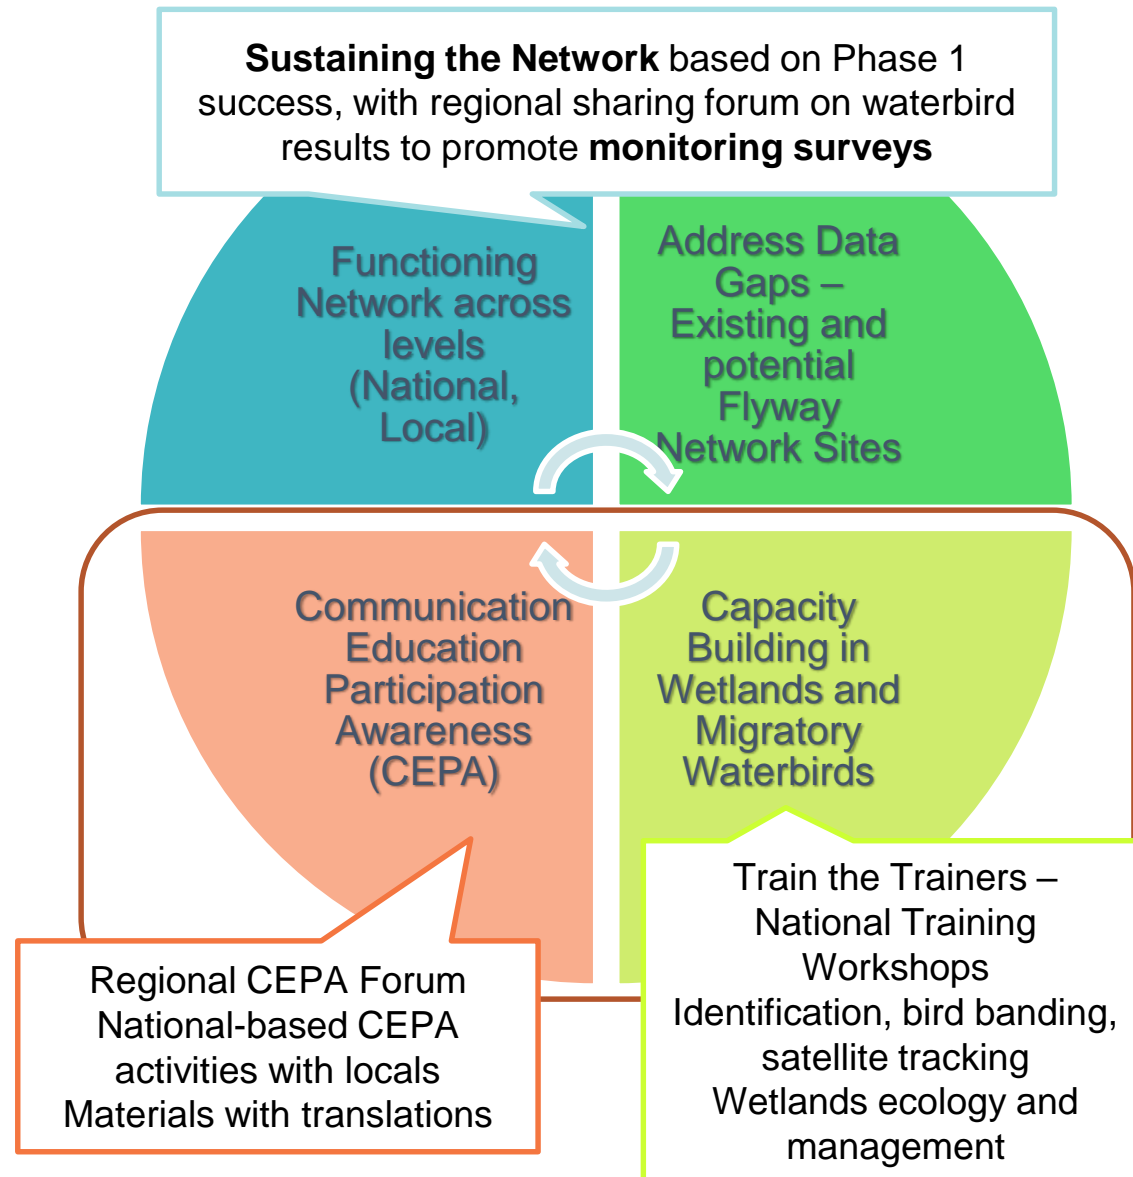

EAAF 122 Khok Kham

Vietnam (1)

EAAF 134 Tram Chim National Park

Lessons Learnt & Going Forward

- ▷ Regional Initiative – Targeted & Funding Opportunities
- ▷ Leverage through existing establishments – ASEAN, EAAFP, CAFF-AMBI
- ▷ Working with Stakeholders: Site Managers, National Focal Points, Local experts, International experts

Insert a nice shoreline photos from
Singapore
