## Operational Procurement Statistics Dashboard (ProcDash)

Asian Development Bank Public sector governance

### Welcome to ADB's Operational Procurement Statistics Dashboard (ProcDash)

The Operational Procurement Statistics Dashboard (ProcDash) presents the value of all goods, works and consulting services contracts awarded for projects under the Asian Development Bank operations. It has four sections, namely, overview, operational procurement by nationality, operational procurement by origin of goods and services, and operational procurement by threshold. For purposes of this dashboard, **value of operational procurement is reported in terms of the amount financed by ADB.**

The overview section presented below shows data on operational procurement statistics by region, nature, sector and by borrowing country. Data can be further filtered by contract year and modality. To determine the allocated procurement for policy-based support and results-based lending, click these two items in the modality filter.

For other details about ProcDash, refer to [ProcDash FAQ](#).

ProcDash can also be used to supplement the operational procurement statistics under the Operational Data section of the ADB [Annual Report](#) and the figures from the member Fact Sheets. More information on operational procurement contracts is available on the [Tenders](#) page of ADB's website (choose "Contracts Awarded" from the "Type" selection).

The ProcDash currently shows data as of 31 March 2021. This will be updated every quarter.

# Consultants: Register in CMS (cms.adb.org)

**Consultant Management System**

[Overview](#)
[FAQ](#)

**Welcome to the Asian Development Bank's Consultant Management System**

**Consultant Management System (CMS)** is an integrated web-based system that supports the ADB's consulting services recruitment, from advertising the opportunity to awarding consulting contracts. This portal will enable users to work with the different facilities available in CMS.

**Consultants** create and update their profile, search opportunities, send Expressions of Interest (EOIs), respond to Non-Committal Inquiries (NCIs), and prepare and submit proposals. Login to the system by typing in your registered email address and password.

Since CSRN is now integrated in CMS, consultants are encouraged to complete their full registration to help facilitate EOI submission by tagging project and consulting experiences entered in their profile.

[Click here to know who can register as consultants in CMS.](#)  
By using this service, you are accepting the [CMS Terms and Conditions](#).

**ADB Project Team Members** can access all CMS functions like creating a selection, advertising opportunities, sending Non-Committal Inquiries (NCIs), distributing Request for Proposals (RFPs), sending Notice to Proceed (NTPs), and approving requests, even while working outside of the ADB network. Login to the system by typing in your ADB Self-Service Username and Password.

**Executing Agencies (EAs)** can access Consulting Services Recruitment Notice (CSRN) to post consulting opportunities for ADB-financed projects. Login to the system by typing in your registered Username and Password.

To obtain an EA account, email your ADB Project Officer and copy [csrn@adb.org](mailto:csrn@adb.org) with the following details:

1. Email address of the agency representative	3. Name and address of the agency
2. Full name of the agency representative	4. Duration of the recruitment for the project

**Consulting Services Recruitment Notice (CSRN)**

The Consulting Services Recruitment Notice provides detailed information on the consulting services required for ADB-financed or administered projects. The CSRN includes the terms of reference and is posted on ADB's website for at least one month for firms for EA-administered projects, 15 days for firms for ADB-administered projects or 7 days for individual consultants before shortlisting.

This will provide consultants sufficient time to prepare EOIs that are more specific and focused on the project's requirements.
