เริ่มต้น THB157.00 บาท/เดือน

Unaffordability of quality mattresses

Unethical and eco-damaging disposal

No mattress recycling

Estimated global number of mattresses disposed of annually:

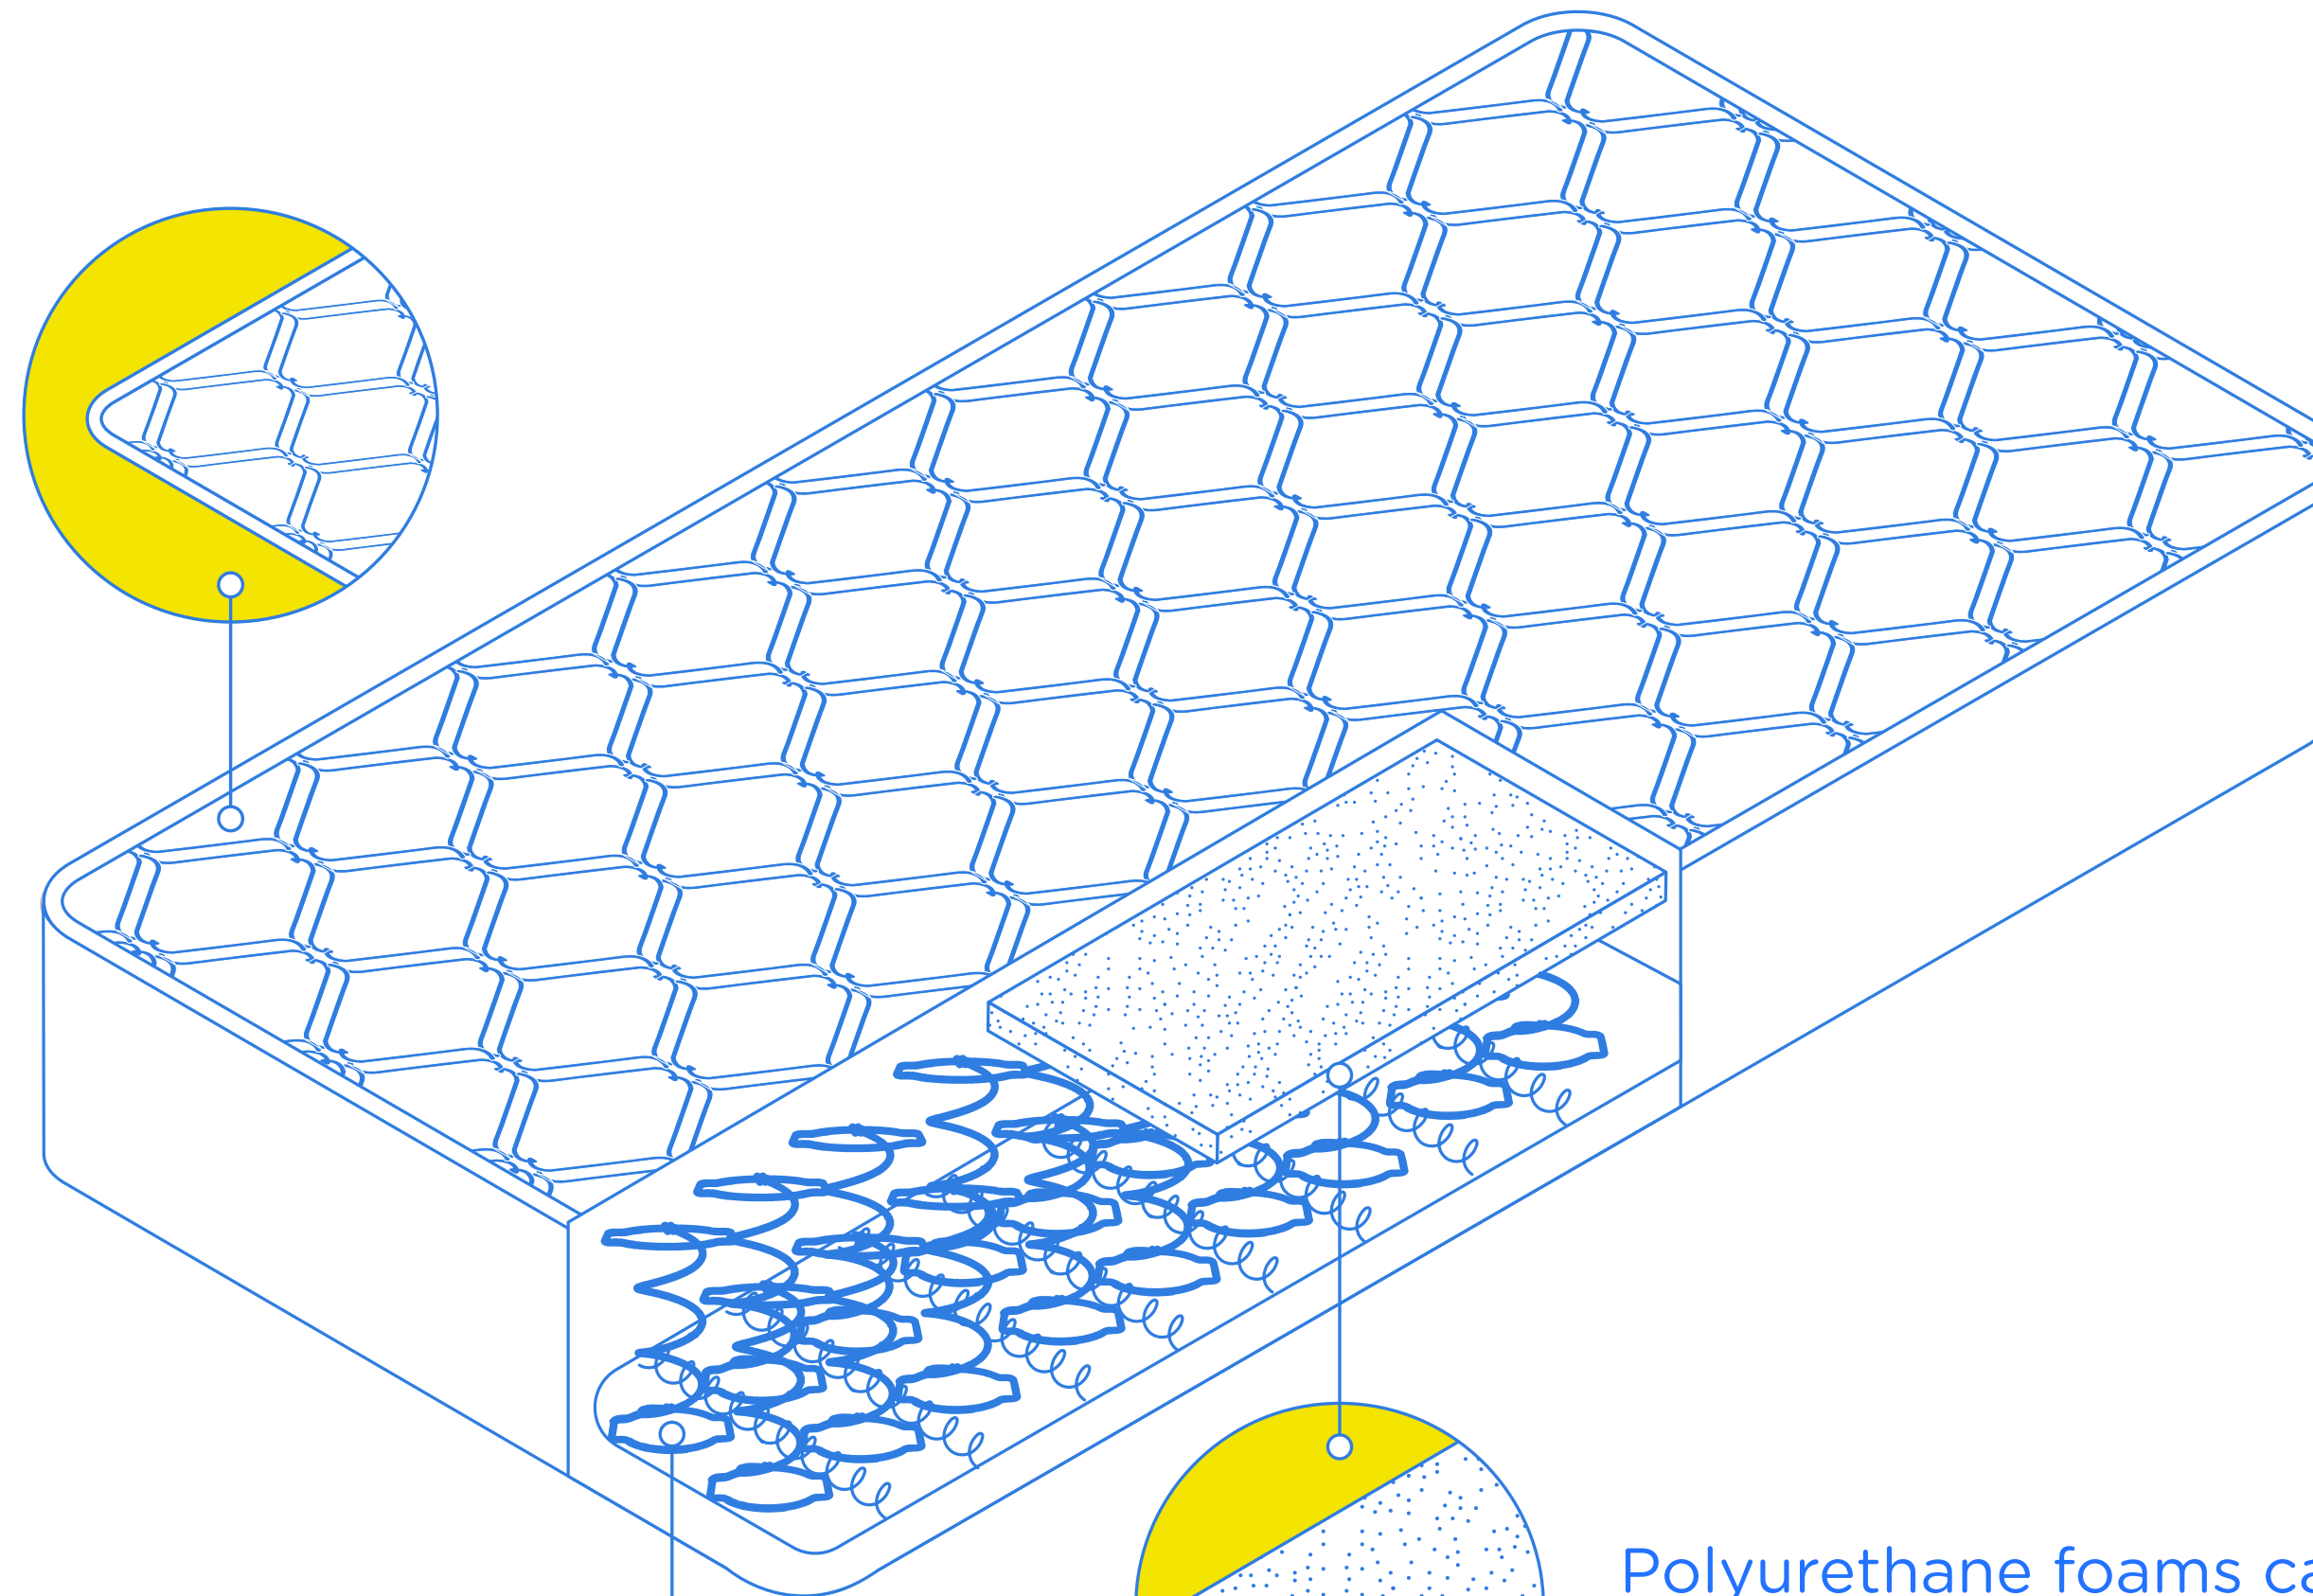

> 150 million

WHY CUSTOMERS SUBSCRIBE

- 1) No need for upfront investment.
- 2) Help green up our economy by supporting end-of-life product recycling.

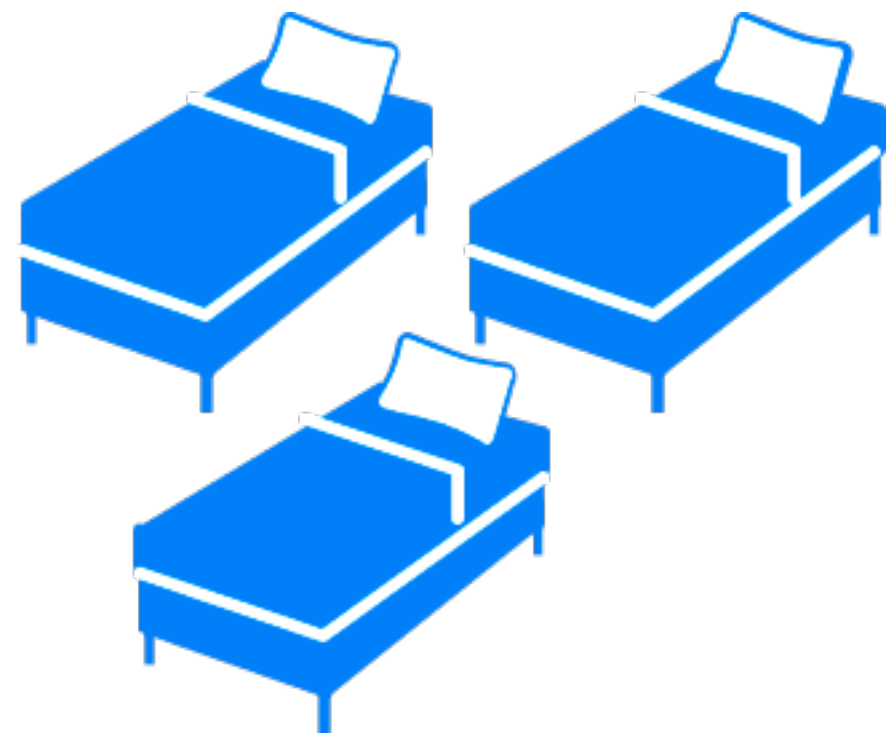

Fabrics and fibres can be used in industrial oil filters and other textile applications.

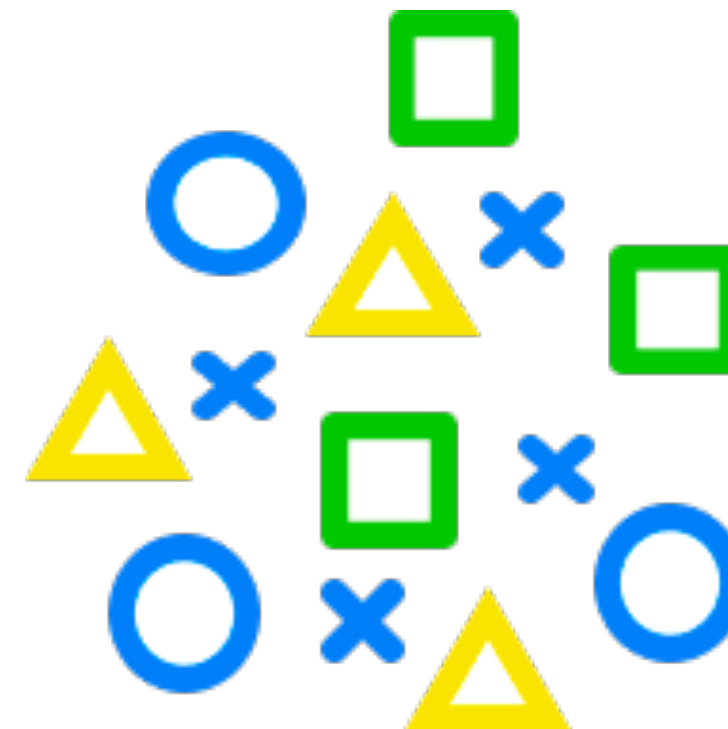

Steel springs can be recycled as metal scraps.

Polyurethane foams can be chemically broken down into polyol monomers.

Over the first six years of operation:

5.2M mattresses

91k tonnes of materials

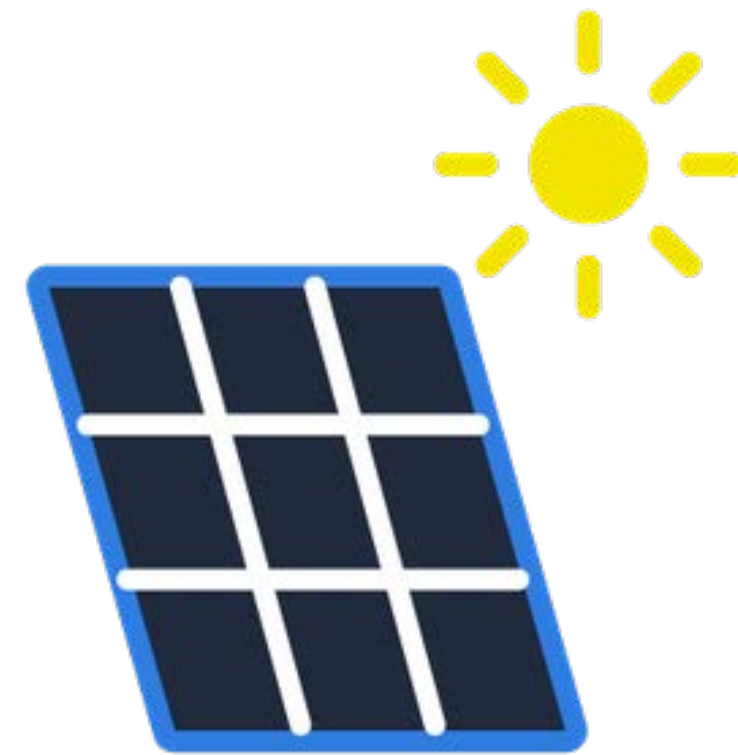

126k tonnes of CO2

Mattresses are just the beginning.

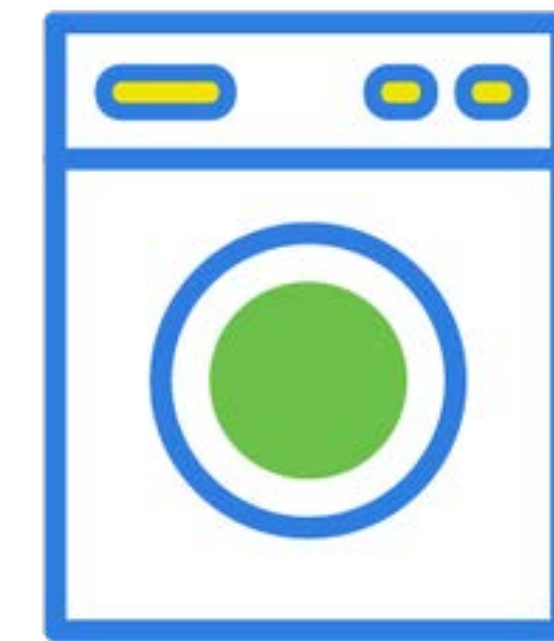

Next product categories:

Batteries

Solar Cells

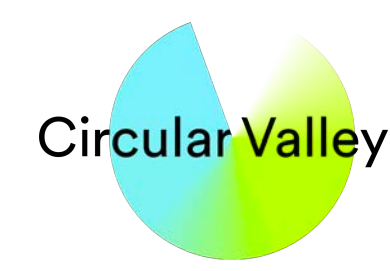

Electronic Devices

- Equity investment and debt financing
- Credit guarantee (to support debt issuance)
- Digital security token offering (STO) support
- Recycling technology research grants
- Government regulations and policies (EPR, carbon footprint declaration, waste management, etc.)
- Market-driven carbon market
- Change in public attitude towards the importance of environmental sustainability

sustainability never sleeps.
