# Water Financing Partnership Facility (WFPF)

## Water Innovation Trust Fund (WITF)

WFPF was in December 2006 to mobilize additional financial and knowledge resources from development partners for the implementation of ADB's water financing program. Its initial focus was to support achievement of targeted outcomes set for 2006-2010 and was subsequently adjusted and extended to 2020 following the approval of ADB's Water Operational Plan 2011-2020. Building on this experience, WFPF will continue to support ADB's water operations from 2021 onwards guided by the Water Sector Framework 2021-2030: Water-Secure and Resilience Asia-Pacific that articulates how water operations contribute to ADB's Strategy 2030.

Total Contributions

**\$58.13 million**

Project Commitments

**\$54.20 million**

Uncommitted

**\$3.93 million**

Supports activities resulting to significantly more people with access to safe drinking water and improved sanitation, higher productivity and efficiency of irrigation and drainage services, more people with reduced risk of flooding, and more river basins implementing IWRM.
