Technical Assistance Support for Portfolio Performance Enhancement

New Output Added under TA10235-LAO: Strengthening Public Procurement and Financial Management Capacity

Activity 1: Strengthening portfolio monitoring by supporting:

- Preliminary analytical work (including macroeconomic and debt sustainability assessment in light of the country's debt distress) for three annual joint country program and portfolio review missions
- Implementation of actions plans following the portfolio review missions including through support for joint project review missions for underperforming projects
- Revision of official development assistance monitoring and evaluation (ODA M&E) guidelines and provision of related capacity building support supervision of portfolio; and
- Targeted trainings for governmental oversight agencies and executing agencies on project implementation and ODA M&E best practices. Priority will be given to study tours to peer countries such as Cambodia that have recently made significant progress in strengthening ODA M&E

Activity 2: Provide on-demand implementation support to active projects through provision of sectoral, procurement, contract management, operations and maintenance, safeguards and financial management expertise with priority accorded to underperforming projects.

Activity 3: Support implementation of public sector management and finance sector projects with the Ministry of Finance and Bank of the Lao PDR involving debt management and revenue mobilization in line with strategic priority 1 of promoting sustainable finance under CPS 2024-2028.

Activity 4: Provide on-demand support to governmental counterparts to comply with project readiness filters and undertake timely start-up actions as the portfolio expands rapidly over 2025-2027
