RVMC

Regionalized Vaccine
Manufacturing Collaborative

Dr. Frederik Kristensen
11th July 2025

**ADB Symposium on Multilateral
Financing for Pandemic
Preparedness**

Our vision

Our vision is a world where vaccine equity and health security are created for countries in all regions of the world.

We aim to achieve this through the establishment of regional vaccine manufacturing and supply chain networks capable of producing vaccines for routine use in a sustainable manner, with readiness for outbreak manufacturing.

Approach

Our vision

Our vision is a world where vaccine equity and health security are created for countries in all regions of the world.

We aim to achieve this through the establishment of regional vaccine manufacturing and supply chain networks capable of producing vaccines for routine use in a sustainable manner, with readiness for outbreak manufacturing.
