QUALITY INNOVATION IMPACT

Smart Systems, Stronger Partnerships: e-Government Procurement (e-GP)

Mart Khaltarpurev
Principal Procurement Specialist, PFP, PPFD
mkhaltarpurev@adb.org

e-GP broadly defined as -

Use of Information Technology
(specifically internet)

by Governments in conducting
their procurement relationships
with suppliers

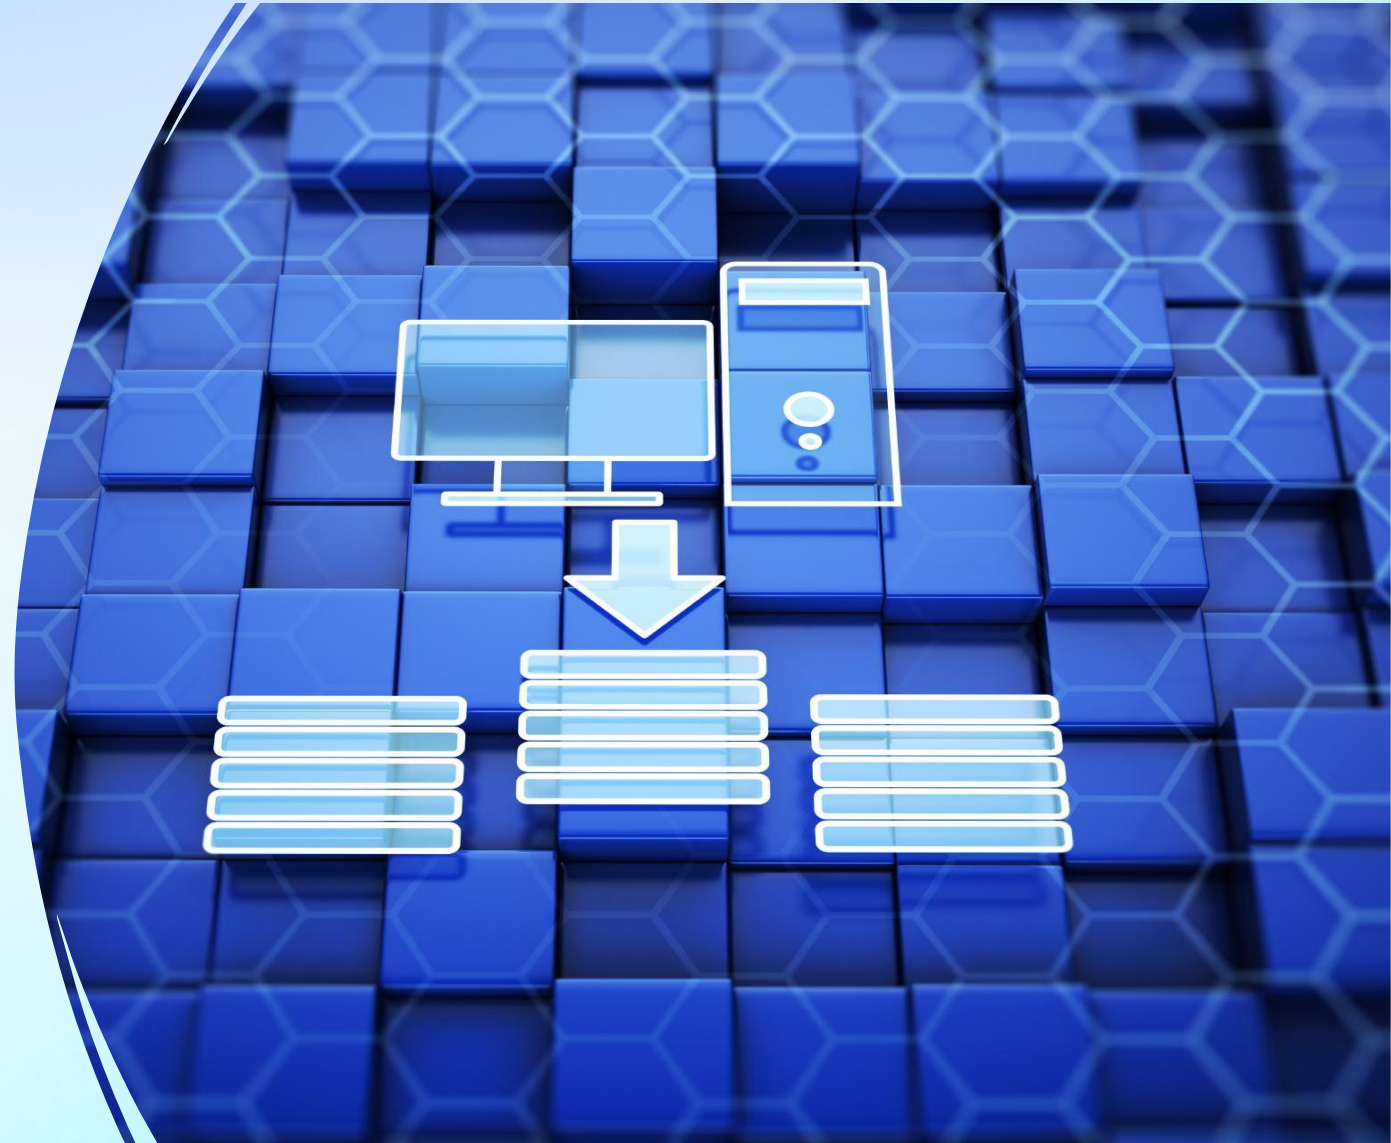

for the procurement of goods,
works, and services required by
the Public Sector

Why e-GP?

- Transparency and access to information- increases bidder participation and competition
- cost savings
- enhanced reporting and procurement analytics
- faster processing of procurement activities resulting from online workflow;
- detection of fraud and corruption
- reduction in carbon footprint
