Public Sector Management and
Governance, SD3

Alaysa Escandor

Public Management Officer
Public Sector Management and
Governance, SD3

Sector Vision

Sound **macro-fiscal management** and **good governance** to drive sustainable social and economic development in Asia-Pacific.

Specialized Subsectors

Fiscal policy and management includes climate fiscal management, medium-term fiscal framework, fiscal risk management, fiscal decentralization, public-private partnership (PPP) policy and regulatory frameworks, legal policy framework in national and sub-national levels, and social protection systems.

Domestic Resource Mobilization covers tax policy, tax administration, and international tax agreements.

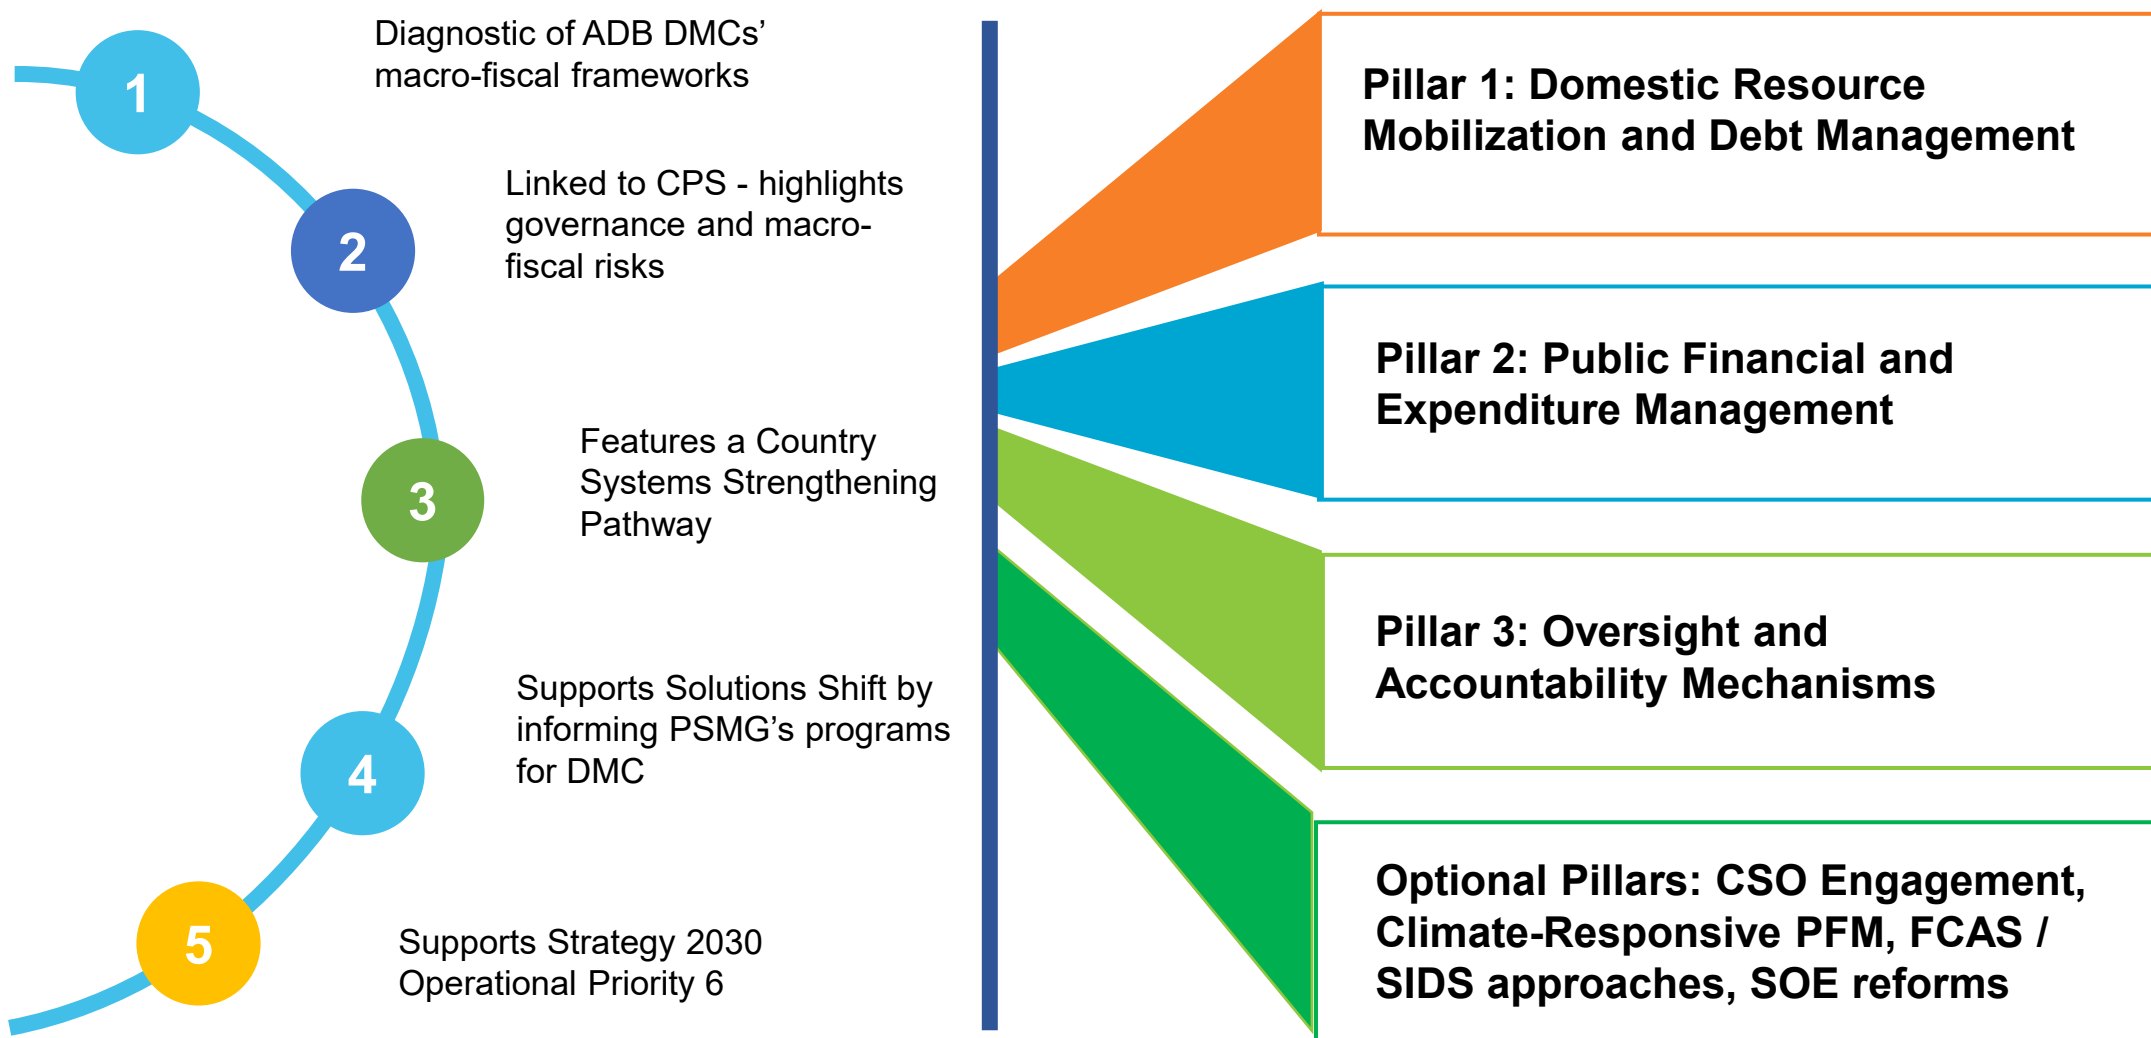

Public Financial Management includes specialization in expenditure management at the central and subnational levels, and covers issues such as public debt and cash management, government securities market, infrastructure governance, public investment management, and GovTech and digitalization.

Economic Diversification covers private sector and related reforms (including investment climate), trade and competitiveness, digitalization and logistics policy and systems.

Corporate Governance and State-Owned Enterprises Reforms includes corporate governance reform of state-owned enterprises (SOEs), commercialization, fiscal risk management and enterprise restructuring.

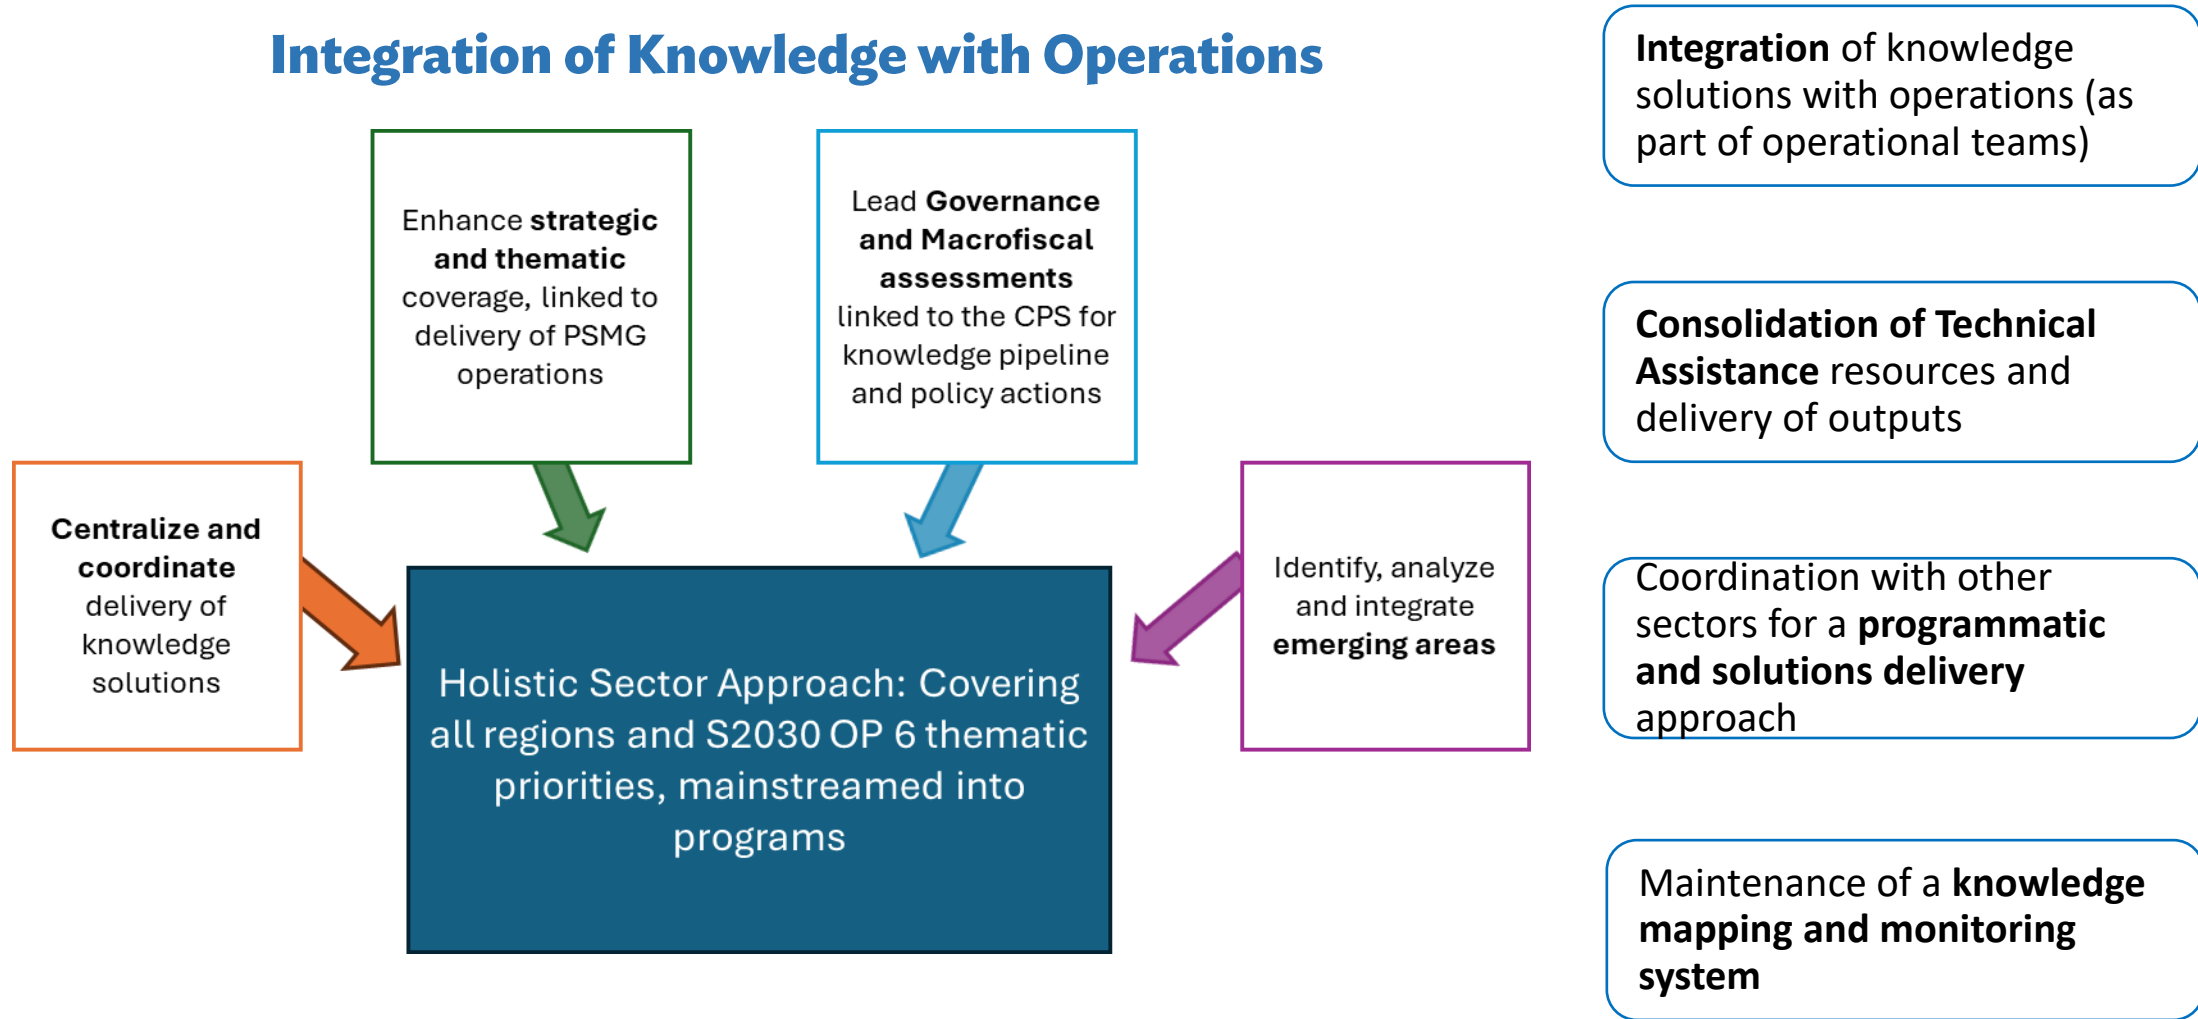

Governance and Macro-fiscal Pillars (GMaP) Assessment

PSMG Knowledge Solutions Approach

Integration of Knowledge with Operations

Flagship Initiative: The Asia-Pacific Tax Hub

PSMG's flagship initiative, the Asia Pacific Tax Hub (APTH) serves as an **open and inclusive platform for strategic policy dialogue, knowledge sharing, and collaboration and development coordination**, working with Resident Missions and PSMG's regional teams to support many DMCs in strengthening domestic resource mobilization and international tax cooperation.

Southeast Asia and Pacific

James Webb
Senior Public Sector Economist
SD3-PSMG

Southeast Asia and the Pacific

Governance

- Disparate islands and communities, devolved administrations
- Uneven government service delivery

Digitalization

- Need for digitalization of government
- Digital divide and inequality

Public Finance

- Mixed domestic revenue performance
- Limited fiscal space and revenue volatility

Environment

- Climate vulnerability and disaster exposure

South Asia

Muhammadi Boboev
Public Sector Specialist
SD3-PSMG

Building climate resilience in Bangladesh...

Climate-Resilient Inclusive Development Program, Subprogram 2

Approach	Programmatic approach with 2 subprograms: Subprogram 1—\$400 million (2023) Subprogram 2—\$400 million (2025) Stand-alone Technical Assistance—\$1.5 million
Impact	Just transition to a sustainable, resilient, and inclusive low-carbon economy
Outcome	Climate resiliency strengthened and emissions reduced from climate-critical sectors
Reform Areas	1. Enabling environment for the implementation of climate actions created. 2. Climate change adaptation priorities strengthened. 3. Climate change mitigation actions accelerated.

Supporting industrial infrastructure development in India...

Tripura Industrial Infrastructure Development Project

Approach	Project loan —\$85.40 million (2025)
Impact	Manufacturing sector's competitiveness boosted, product diversification enhanced, job creation promoted, and regional cooperation fostered
Outcome	Industrial infrastructure improved
Output	<ol style="list-style-type: none">1. Institutional structures and mechanisms for industrial development strengthened.2. Climate-resilient infrastructure and gender-responsive and inclusive industrial environment built.3. Industrial estates developed and upgraded.

Leveraging Knowledge, TA & Financing to Promote SOE Reform in CWEA

CHALLENGE

Limited Government Ownership

Misaligned timing of reforms

Lack of coordination Between internal and external partners

Fragmented sectoral approaches

Resistance to privatization

Limited gender and climate-responsiveness

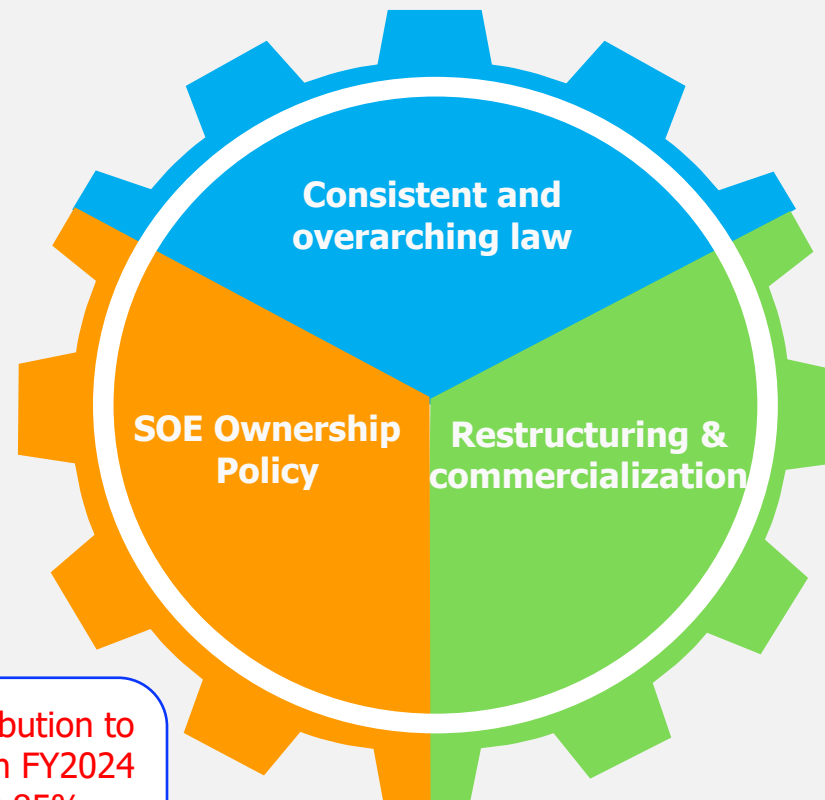

Direct government support = 1.5% of GDP, compared to net inflows to the budget of 0.9% of GDP

Cumulative budget support to loss-making SOEs = 8.8% of GDP by FY2024

Ave. ROA of 1.2% between FY2012-FY2024

Contribution to GDP in FY2024 = 0.85%, compared to total assets of 30% of GDP

REFORMS NEEDED IN "COUNTRY XYZ"

BUSINESS OPPORTUNITIES

Institutional capacity building through dedicated TA

Diagnostic assessments and analytical reports

Independent Verification Authority

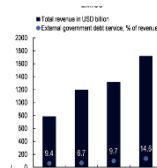

Support for reform implementation (five-year program): policy reforms and project investments

PSMG Cross-Regional Emerging Areas

Deepening Climate-Fiscal Linkages

- ❑ **Mainstreaming climate into Ministries of Finance:** increase the integration of climate change into fiscal frameworks.
- ❑ **Piloting innovative ideas:** going beyond mainstreaming, by piloting policy reforms to unlock additional adaptation finance (e.g. private sector).
- ❑ **Addressing institutional barriers:** Joint ADB-World Bank Climate Change Institutional Assessments.
- ❑ **Addressing data gaps:** Use of the Climate Policy Assessment Tool to inform policy making
- ❑ **Strengthen policy dialogues:** Development of regional climate policy platforms

Debt Management and Sustainability

- ❑ **Addressing data gaps:** Developing a database of key debt indicators and debt management indicators
- ❑ **Increasing coordination:** Community of Practice between relevant ADB stakeholders on ADB's debt-related work
- ❑ **Debt Management Cluster (C-TA 0056-REG):** Leveraging ADB's experience to better support and promote sustainable borrowing practices and transparency in PAK, UZB, KGZ and TAJ (domestic debt markets, debt transparency, and implementing the SDFP)

GovTech and AI4Gov

- ❑ **Support for GovTech & AI Integration:** Assisting DMCs in adopting AI-powered solutions
- ❑ **ADB AI Sandbox for Innovation:** Prototyping and testing AI-driven solutions for tax, trade, debt, and climate related use cases through pilots.
- ❑ **Scaling Regional Digital Public Goods:** Promoting interoperable GovTech solutions, cross-border data exchanges, and AI-assisted risk analytics, regional cooperation.
