# Kampot Cooling:

## Innovative Technology Solution to Save Cambodia's World-Famous Pepper

Presented by:  
**Giulia Cappellazzi, People In Need**

# Women's Empowerment Approach

- Women workers from two farms informed the technology design, training, and feedback.
- Assessment of heat impacts, gender roles in the pepper value chain, and entry points for gender and climate adaptation.
- Women's empowerment:
  - Leadership training for KPPA association members;
  - Climate change adaptation (heat focused) training for smallholder women farmers;
  - Introduction of a savings modality for smallholder farmers;
  - 15 "champions" - women Kampot pepper VC workers selected.
- Key Kampot pepper influencers to be involved to ensure validity to action and sustainability.
