# Support for Urban Development in PRC

## Strategic Objectives and Operational Focuses

- Support sustainable urban development and urban environmental improvement
- Promote balanced development by allocating more support for the cities in the less-developed Central and Western Region, and Northeast
- Place greater emphasis on support for smaller cities and towns development
- Provide support for integrated urban-rural development projects as well as the focused multi-sector integrated interventions for urban water supply, sanitation, roads, flood control, river improvement, heating, and waste management (wastewater and solid waste)

# **Support for Urban Development in Mongolia**

## **Strategic Objective**

- Support sustainable and regionally integrated growth

## **Operational Priorities**

- Provide support to address the urban transportation and municipal services gap in Ulaanbaator caused by the massive rural-urban migration
- Provide support for urban development in the other cities in the context of development of economic corridors
