Strategies and Operational Priorities in the Education Sector

Jouko Sarvi
Practice Leader
Chair, Education Sector Community of Practice

The views expressed in this presentation are the views of the author/s and do not necessarily reflect the views or policies of the Asian Development Bank, or its Board of Governors, or the governments they represent. ADB does not guarantee the accuracy of the data included in this presentation and accepts no responsibility for any consequence of their use. The countries listed in this presentation do not imply any view on ADB's part as to sovereignty or independent status or necessarily conform to ADB's terminology.

- Education Sector is among the core operation areas in Strategy 2020
- Education by 2020; A Sector Operations Plan provides guidance for implementation

Implications Sectorwide:

- Equitable access and inclusive education.
- Regulation, decentralization the changing role of government and other stakeholders.
- Rationalization of financing.
- Innovation in PPPs and private education.
- Expansion of the range of delivery modes:
- Embedding the use of ICT & social media for education.
- Sustainability.

Perspectives of Education Landscape

Basic Education:

Overall, enrollment rates have improved toward UPE, but why problems of quality and completion are persistent? Provide more support to innovative partnerships with communities?

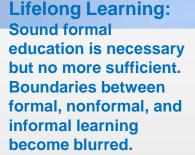

Expansion and transformation of basic education toward USE: not feasible with public funds alone? Preparation for higher education no longer the primary purpose?

Skills Development:

From TVET to workforce skills development, with greater role of industry in training provision, to improve relevance and cost-efficiency. Demand for both cognitive and noncognitive skills ("soft skills").

Higher Education:

Countries expand and diversify HE to support economic development and improve competitiveness. **Expansion undermining** quality? Centers of excellence dilemma? HE not anymore a public good?

Education Loans and Grants Approved in 2011

			Amount (\$ million)		nillion)		
	Project Name	DMC	ADF	OCR	TOTAL	Remarks	
School Sector Ref	orm Program	NEP	65		65	grant

New Publication Series Higher Education in Dynamic Asia

Recently published titles:

Higher Education in Dynamic Asia

Forthcoming Titles in 2012:

Access Without Equity? Finding a Better Balance in Higher Education in Asia (March)

Private Higher Education Across Asia: Expanding Access, Searching for Quality (April)

Improving Transitions: From School to University to Workplace (May)

Regional Cooperation and Cross-Border Collaboration in Higher Education in Asia: Ensuring that Everyone Wins (May)

Administration and Governance of Higher Education in Asia: Patterns and Implications (June)

ADB also welcomes papers for the series from higher education leaders, researchers, development partners, and other interested stakeholders of higher education in the region.

Knowledge Work on Skills and Labor Markets

- New strategies and approaches for skills development
- Inclusive economic growth
- Skills for employment
- Labor market evolution New types of skills (e.g. skills for green economy)

Thank You.
