

Filling the financial gaps

Catarina Fonseca

3rd Asian Sanitation Dialogue
28th May

Supporting water sanitation
and hygiene services for life

The views expressed in this presentation are the views of the author/s and do not necessarily reflect the views or policies of the Asian Development Bank, or its Board of Governors, or the governments they represent. ADB does not guarantee the accuracy of the data included in this presentation and accepts no responsibility for any consequence of their use. The countries listed in this presentation do not imply any view on ADB's part as to sovereignty or independent status or necessarily conform to ADB's terminology.

Sanitation in low income areas has to be...

Technically advanced as rocket science

Environmentally sensitive as Greenpeace

Designed as Italian furniture

Holistic as the climate change panel

Business sound as Anino Games

And... we are now monitoring 19th century technology with 21st century technology

Large gaps in financing discussions

Focus

- Costs of technologies
- Costs to access infrastructure
- Private finance (households and private sector)

Gap

- Costs of services that people want and are willing to pay for
 - Costs of asset management, regulation
 - Public finance towards a long term vision beyond latrines
- 

Financing a long term vision

Short term financing

Long term financing

IRC

Thank you.
