Implementation progress

Climate Change

Lepa, Samoa

New Priority Areas

- Addressing air pollution
- Water transport
- Intelligent Transport Systems
- Vehicle technologies

Resources

Partnerships

Transport
Fund

The image shows two footprints in sand, one at the top and one at the bottom. The top footprint is a simple, shallow impression. The bottom footprint is a more detailed and deeper impression, showing the texture of the sand and the shape of the foot. The text is centered between the two footprints.

**Change is a process,
not an event.**

Thank you!
