Finance Sector Group

Lotte Schou-Zibell
**Sustainable Development and Climate
Change Department ADB**
27 March 2019

Overview

- Finance sector support to Strategy 2030 and the Sustainable Development Goals
- Finance sector portfolio
- Key areas of focus, learning and opportunities

Finance Sector's Contribution to Strategy 2030

Addressing Remaining Poverty and Reducing Inequalities

Access to affordable, safe and well-regulated innovative financial products and services, financial and digital literacy

Accelerating Progress in Gender Equality

Mainstreaming gender in financial inclusion for women

Tackling Climate Change, Building Disaster Resilience

Developing capital market and insurance for low carbon projects and green infrastructure finance

Making Cities More Livable

Innovative financing for urban development plans by embedding disaster insurance and FinTech

Strengthening Governance and Institutional Capacity

- Government capacity to manage crisis
- Improving financial regulations

Promoting Rural Development and Food Security

Investments in rural infrastructure and high-level technology for creating income-generating and financial risk protection solutions

Fostering Regional Cooperation and Integration

Enhancing funding and financing of cross-border infrastructure investments, deepening financial markets, regional risk pooling, and strengthening financial institutions and regulations

Finance Sector Supports Sustainable Development Goals

Finance sector contributes to achieving 11 of 17 SDGs

Poverty, Hunger, Health, Education, Gender, Energy, Infrastructure, Cities, Consumption, Climate Change, and Partnership

Total
Committed
Lending

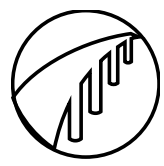

\$2.0 billion

*Finance sector operations contribution to ADB's
Corporate Climate Finance Goal

Finance Sector Project Pipeline 2019 - 2020 by Key Areas of Focus

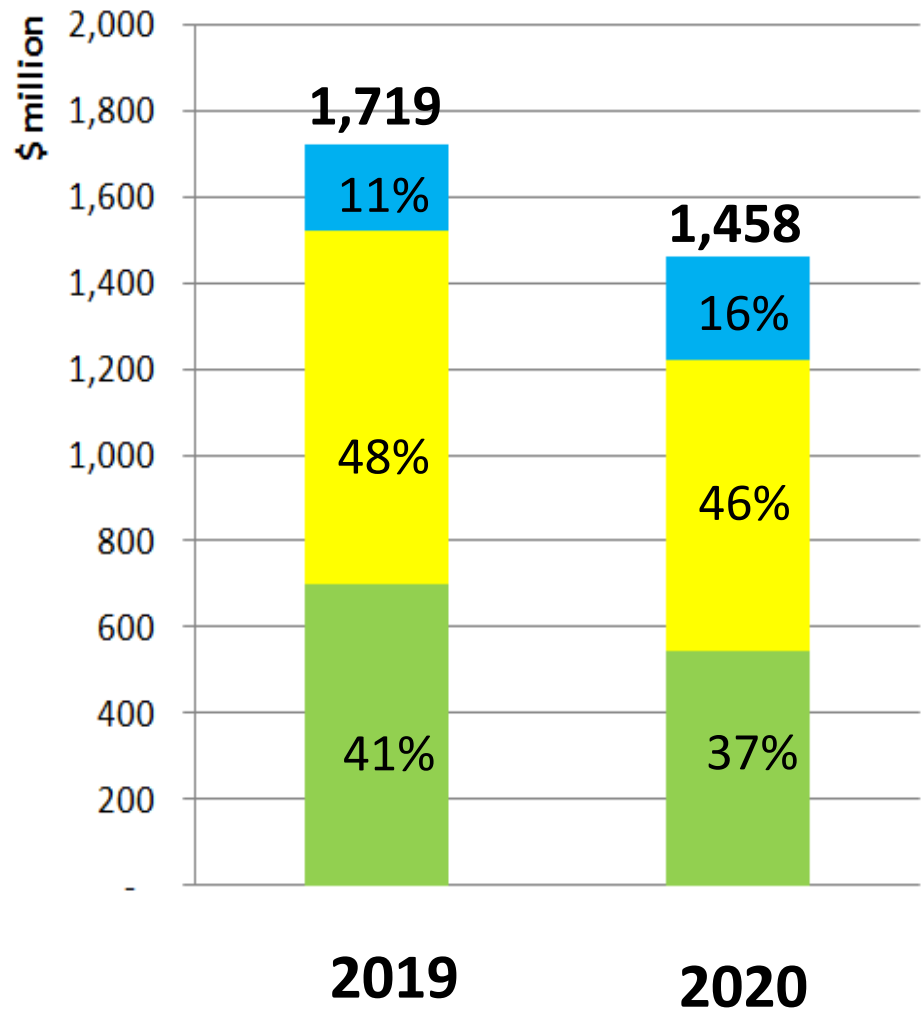

Infrastructure Finance

Inclusive Finance

Finance Sector Development

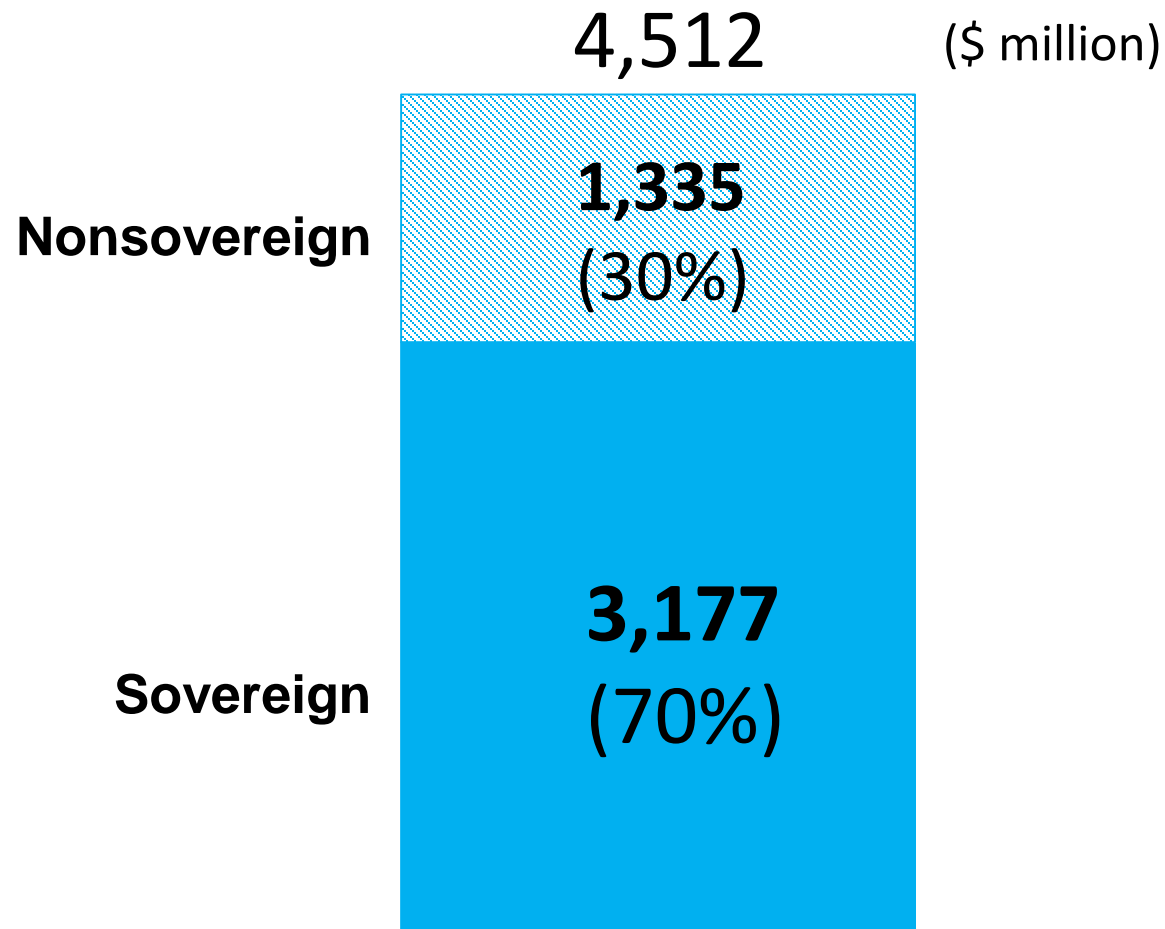

Note: Covers sovereign operations only

Finance Sector Project Pipeline 2019 – 2020

By Sovereign and nonsovereign operations

Finance Sector: Areas of Focus and Key Trends

Key Areas of Focus

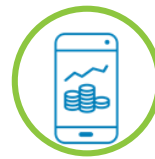

Scaling-up ambition for
climate change mitigation

Scale-up Support for
Gender Equality

Key Trends

Digital financial technologies

Green finance

Disaster insurance

Sustainable, green and inclusive development

ADB Supports Innovation Through Pilot Projects

Philippines: Cloud technology for Core Banking & Financial Inclusion

Limited financial inclusion

Only 3 out of 10 Filipinos have a bank account

Lack of efficient technology infrastructure in rural and remote areas and archipelagos

Higher costs of reaching and servicing clients for rural banks in high-risk frontier areas

Digital finance

Provide

personalized and efficient services

Offer

Financial products and services

Mitigate

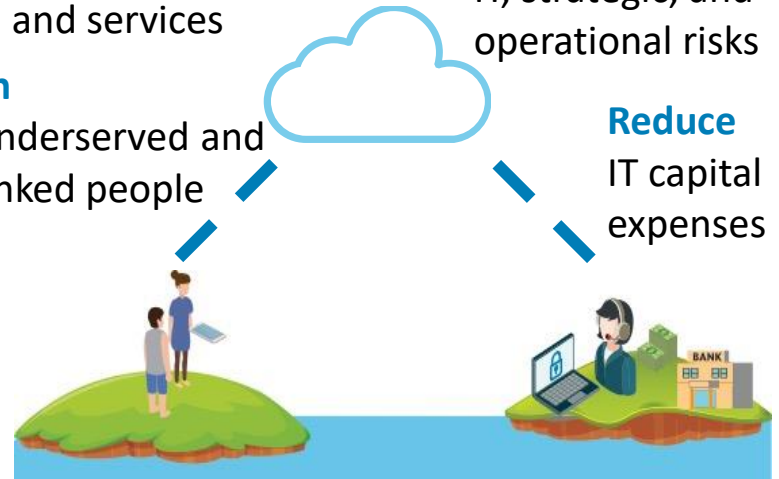

IT, strategic, and operational risks

Reach

the underserved and unbanked people

Reduce

IT capital expenses

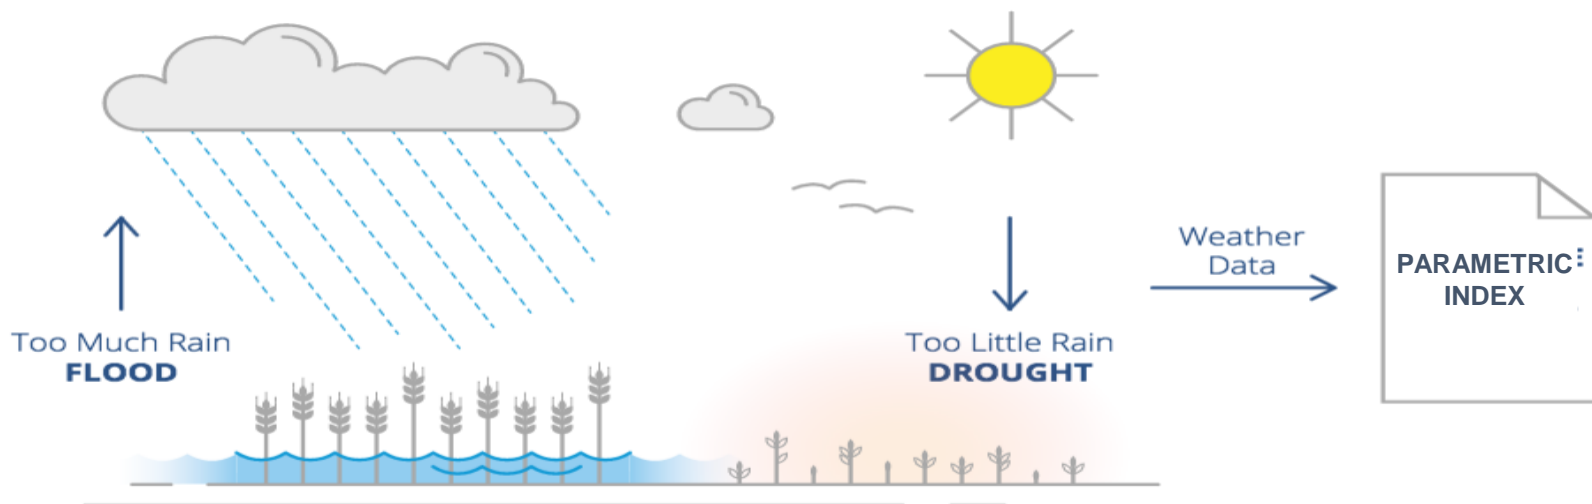

ADB has supported Cantilan Bank become the first financial institution regulated by the Central Bank of the Philippines to leverage cloud technology to deliver financial services.

ADB Supports Innovation Through Pilot Projects

Bangladesh: Weather Index-Based Crop Insurance

- **Parametric insurance products** developed
 - Provides payouts when pre agreed triggers linked to the parameters of a risk (excess rainfall or drought) are fulfilled
 - Indices developed using weather data to determine trigger points and approximation of incurred loss for payout
- Twenty **automatic weather stations** were installed to ensure timely claims payouts
- **Mobile banking facility** was used for claims settlements
- This was a \$2 million grant funded by JFPR

2019

Learning and Development

Key Knowledge Events

- 3rd Asia Finance Forum
