Knowledge
partnerships

Knowledge and
learning events,
tacit knowledge,
skills development,
e-learning, etc.

What are Knowledge Partnerships?

Associations and networks of individuals or organizations with common objectives and whose members collaborate and contribute knowledge, experience, resources, and networks.

Knowledge partnership agreements

Development partnerships

- ADB-wide cooperation arrangements
- Sector/theme-, country-, region-specific cooperation arrangements

Affiliations

Cooperation with NGOs

“ADB will actively develop and nurture knowledge partnerships with bilateral & multilateral partners, think tanks, universities, CSOs, foundations, and the private sector”

“Such partnerships will provide platforms for testing ideas, sourcing different ways of thinking about critical development issues, and jointly developing and sharing knowledge content”

What ADD can do with Knowledge partners

- Implementation / Technical Support 
- Knowledge Sharing 
- Capacity Building 
- Research 
- Innovation and Pilots 
- Institutional reforms/Policy Dialogues 
- Formation of capital/assets 

Partnerships are needed at

 **Global level**

 **Regional level**

 **Local level**

Partners

KASC role in knowledge partnerships

Strategy, advise, quality review

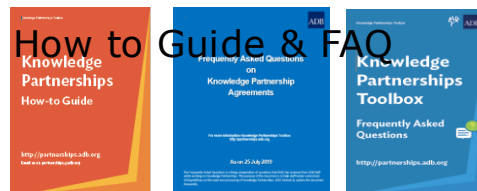

Identification of partners

Work with sector and thematic groups
Partnership screening Tool
Partnerships clinics (pipeline)

Processing partnerships

KASC advises on processing of partnerships
Quality review
Revisits Staff Instructions

Implementation of partnerships

Managing partnerships
Ensures mid term

Capture, evaluation, and closure

Partnerships results framework
Performance evaluation (pipeline)
Tracking quality of outputs (pipeline)

"Adding value" to ADB operations

How to engage with ADB on knowledge partnerships?

Knowledge partnership agreement

Covers all ADB sectors and themes

think tanks, universities, research institutions, regional organizations, governments, associations or professional bodies of private firms

(With transfer of funds to the partner)

ADB-wide cooperation arrangement

Development partnerships that help implement ADB corporate strategy

IFIs, UN, bilateral donors

(No transfer of funds to the partner)

Sector/theme-, country-, region-specific cooperation arrangement

Development partnerships that are limited by scope, sector/theme, country, or region

think tanks, universities, research institutions, regional organizations, governments, associations or professional bodies of private firms

(No transfer of funds to the partner)

Affiliations

Covers all ADB sectors and themes

networks or parties that will or have already come together for a common objective

(With or without transfer of funds to the partner)

Knowledge Partnerships with Australia

11 KNOWLEDGE PARTNERS with **13** over the period 2009-2019 partnership agreements

Of which **9** knowledge partners with **11** partnership agreements support improving "Livable Cities"

Knowledge Partnerships against Type of Outputs

	Knowledge Partnership Agreements with the following Australian partners	Implementation/ technical support	Knowledge sharing	Capacity building	Research	Institutional reforms/ policy dialogues	Innovation s/ pilots	Formation of capitals/ assets
Regional level	1. Australian Agency for International Development		✓	✓		✓		
	2. Department of Foreign Affairs and Trade		✓	✓	✓	✓		
	3. Cooperative Research Center for Water Sensitive Cities	✓	✓	✓	✓			
	4. Institute of Global Finance, University of New South Wales		✓		✓			
Local level	5. Government of Australia-Australian Water Partnership	✓	✓	✓	✓	✓		
	6. MidCoast Water (2012)		✓	✓				
	7. Sydney Water Corporation		✓	✓				
	8. Water Corporation of Australia		✓	✓				
	9. City West Water		✓	✓				
	10. Hunter Water (2011)		✓	✓				
	11. Yarra Valley Water		✓	✓				

- Knowledge outputs of 5 partnership agreements support several DMCs (regional); and 8 directly support a specific ADB DMC (local)
- Knowledge partners in green (nos. 3 to 3) support improving “Livable Cities”
- Knowledge sharing and capacity building are the common outputs of the partnerships; followed by research, institutional reforms/policy dialogues, and implementation/technical support
- No knowledge partnership supporting innovations/pilots and formation of capitals/assets

Knowledge Partners on Livable Cities

ADB has 68 knowledge partners and 57 partnership agreements over the period 2002-2020

□ 9 knowledge partners from Australia with 11 partnership agreements
