OPEN DISCUSSION

1. **Relevance**: Which parts of the webinar were most relevant for your work on ADB or non-ADB projects?

2. **Gaps**: Was there any information that you would have liked to learn about, but was not covered or not given adequate coverage in the training?

3. **Integration**: How could Spade and new Web Tools benefit ADB projects? How can these be best integrated?

4. **The Hub**: What types of information or use do you see for continuing the Hub?

5. **The Future**: ADB would like to continue organizing such kinds of training programs on online tools and resources. What types of topics or exercises should future training programs cover and would be of immediate benefit to projects?
