Panel Discussion

Teacher Quality and TPD

Riia Palmqvist

Quality teachers = quality learning

- ***Teaching profession should be valued by society***
- ***Attract the best students to teacher education and keep them in the business by supporting their early career***
- ***Quality initial teacher education is well organized and research-based, and it gives teachers strong competence to work in inclusive schools***
- ***Teachers' ICT and digital technology competencies are widely in use and up to date***
- ***Coordinate an organized and scheduled continuing professional development for all teachers to support career progression structures***
- ***Diversity of teachers working towards shared goals in education***
