Sovereign Project | 55201-001

Status: Proposed

[Overview](#) [Project Data Sheet](#) [Document](#) [Tenders](#)

The Government of Bangladesh (the government) has requested support from the Asian Development Bank (ADB) to strengthen the climate resilience of vulnerable coastal towns, thereby enhancing their ability to anticipate, absorb, accommodate, and recover from the effects of climate shocks and stresses. The proposed project will support selected coastal towns in pursuing sustainable development and enhancing the quality of life of all residents. It will also help in strengthening rural resilience, as these small towns often act as service centers for surrounding rural areas.
