### Bangladesh Facts

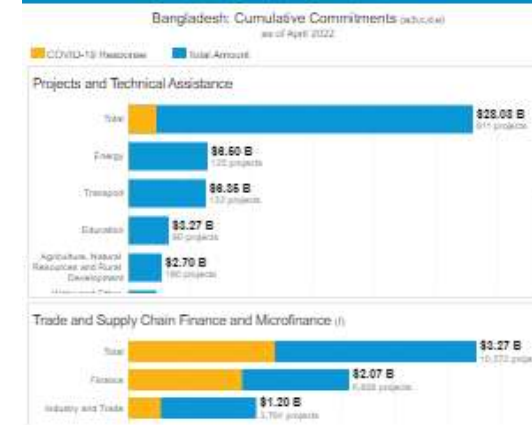

**ADB's Work in Bangladesh**

Exports, remittances, and domestic consumption buoyed Bangladesh's economy in fiscal year 2021 with gross domestic product rising to 6.9%, from 3.4% in the previous year. Growth in both years was markedly lower than in the fiscal year 2019 and the average growth from 2016–2019 due to the impact of the coronavirus disease (COVID-19) pandemic.

The Asian Development Bank (ADB) is a key source of external assistance for Bangladesh, providing \$2 billion on average annually during 2016–2021. ADB's assistance is aligned with Bangladesh's Eighth Five-Year Plan, 2021–2025 and the Perspective Plan, 2021–2041.
