# Net Zero by 2050

Singapore accounts for 0.11% of global emissions. As a nation we are committed to continuously raise our national climate ambitions to charter a greener future together...

1

## Climate Mitigation

- Import low carbon electricity by 2035
- Invest in low carbon technologies
- Carbon Credits to increase to \$50-\$80 per tonne of emissions
- Shaping Future Youth Environment Leaders

2

## Climate Adaptation

- Studying the impact of global warming in Singapore
- 30 x 30 strengthening Food Security
- Heat Advisory Guide to guide the public
- Shaping Future Youth Environment Leaders

3

## Climate Finance

- International Financial Hub – has set aside 2 per cent of its portfolio, USD 6billion
- Banks incentives through sustainability linked loans
- Developing taxonomies
