# Regional Cooperation and National Clean Air Legislation

15 November 2023, 16:00 - 17:30

**Bert Fabian**

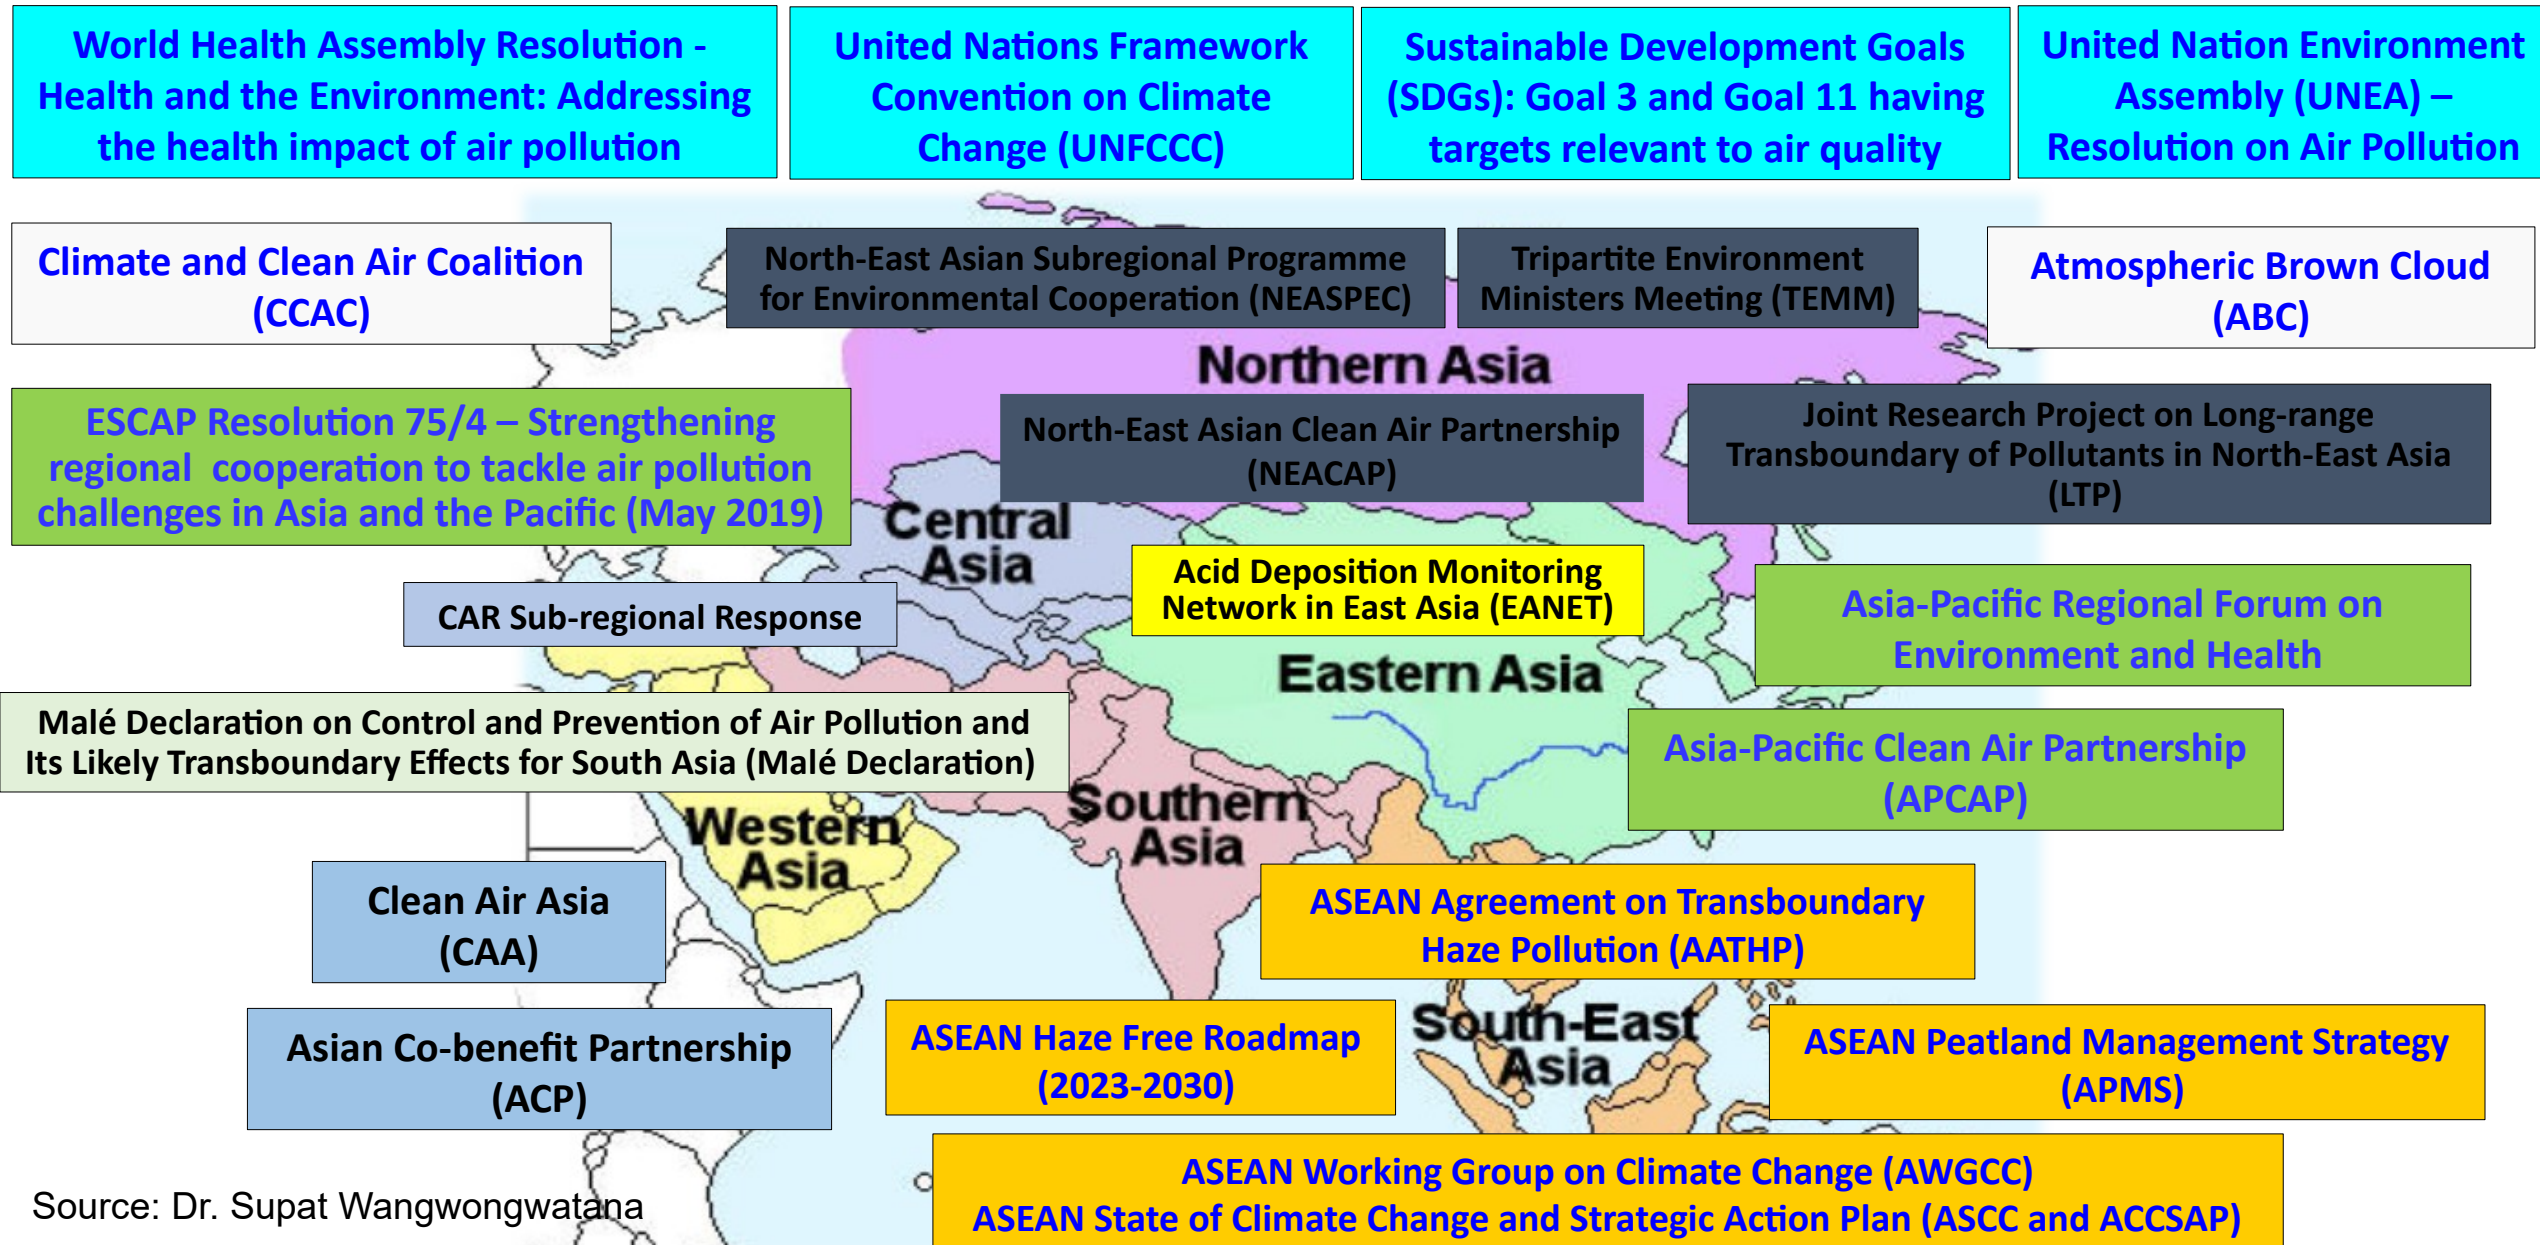

Coordinator of the Secretariat, EANET  
United Nations Environment Programme

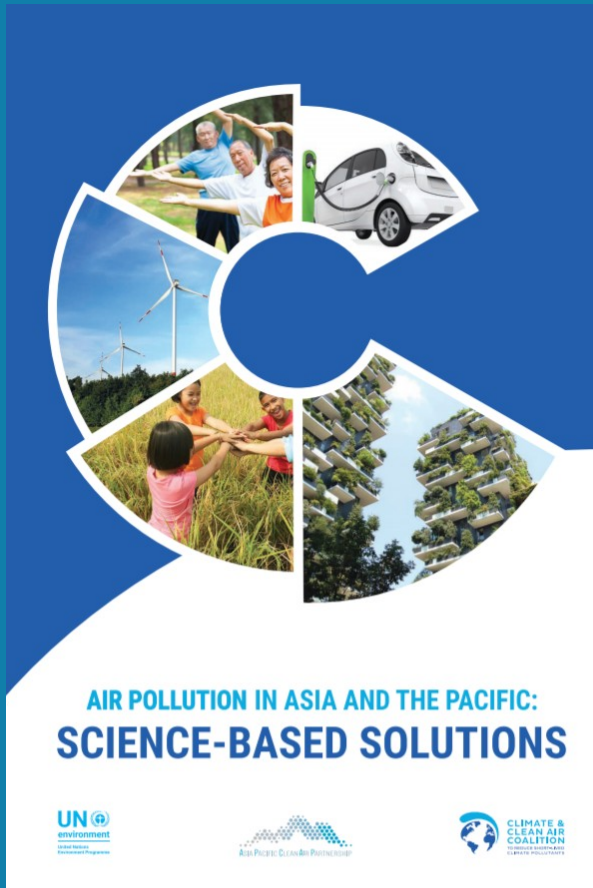

## Regional Cooperation for Clean Air and Climate Action

- Objectives of the session:
- Describe existing cooperative mechanisms to implement activities, with particular focus on identifying concrete areas for regional collaboration which can be implemented in the next 2-3 years. Emphasis will be placed on initiatives and funding opportunities.
- Discuss reflections and lessons learned from existing regional platforms and intergovernmental bodies on air pollution.

# Existing Multilateral Cooperation on Air Pollution and Climate Change in Asia

**UN**   
environment  
programme

# 25 MEASURES SUMMARIZED IN 3 CLUSTERS

- 01 FULL APPLICATION OF CONVENTIONAL MEASURES IN ASIA**  
vehicles, power plants, and large- and small-scale industry
- 02 NEXT STAGE AIR QUALITY MEASURES THAT ARE NOT YET MAJOR COMPONENTS OF CLEAN AIR POLICIES**  
burning of agricultural and municipal solid waste, proper management of livestock manure
- 03 MEASURES WHICH CONTRIBUTE TO DEVELOPMENT PRIORITIES WITH AIR QUALITY BENEFITS**  
solid waste management, mainstream electric vehicles, using renewable energy for electricity generation

## Regional Cooperation for Clean Air and Climate Action

Prioritizing actions – 25 Clean Air Measures provide comprehensive guide on the policies, and potential impacts

- Monitor air quality and communicate effectively
- Strengthen capacity on emissions inventories, source apportionment and air pollution modeling
- Target gross polluters – open burning, diesel emissions
- Bring the resources to the right sector and the right people at the right time
