| Information Technology and Data Management—English | VITARA—ITD | https://cvent.me/0gAQaD | This module equips heads of tax administrations and their executive leadership teams with essential information technology and data management concepts and tools. The module opens by explaining how information technology (IT) can help achieve a tax administration's goals and the role of executives in managing and overseeing IT resources. The module highlights the evolution of IT from a back-office function to a strategic driver of reforms and modernization. Among other concepts, it explores digital transformation and the automation of an integrated business process model. The module provides tools for integrating IT into reform planning and prioritizing IT investments, and includes broad overviews of contemporary IT operations, governance arrangements, and management practices. Building from insights into IT, the module explains how to understand, manage, and use data to improve tax administration performance. The module closes with an overview of information security. | November 19, 2024 – December 10, 2024 (3 weeks) | November 26, 2024 |
| Enterprise Risk Management—English | VITARA—ERM | https://cvent.me/0gAQaD | This short, self-paced course provides fundamental knowledge on modern Enterprise Risk Management (ERM) good practices. The strategic objective of ERM is to understand and manage enterprise risks (including compliance, IT, HR, finance, project, and reform-related risks) in a holistic, structured, and systematic fashion. ERM informs strategy and planning and thus improve the quality and viability of strategies and organizational performance. ERM seeks to ensure that significant organizational risks are recognized. It also ensures that where required, and to the extent possible, these risks are mitigated to acceptable levels and possibly turned into opportunities. | June 1, 2024 – April 15, 2025 (45 weeks) | April 1, 2025 |
| Audit Program—English | VITARA—Audit | https://cvent.me/0gAQaD | This six-hour-long module provides a solid understanding of audit as a key tool to promote and enforce compliance. The module explains international good practices in designing and managing an effective audit program and the key components of an audit process. The module covers relevant aspects of audit such as the necessary legal powers, organization, and governance arrangements, staff | May 1, 2024 – April 15, 2025 (50 weeks) | April 1, 2025 |

| | | | | | |
|--|--|---|---|--|---------------|
| | | | expertise, resources, and auditor performance evaluation. The module focuses on practical issues such as how audit cases are selected, the different types of audits, and audit methods that are available to staff as well as electronic audit tools and how they can be used in conducting audits. | | |
| Performance Management— English | VITARA — Performance Management | https://cvent.me/0gAQaD | This short introductory course provides a solid understanding of the principles of performance management. Learners will be equipped with practical tools and techniques to help effectively manage organizational performance in their tax administration. | May 1, 2024 – April 15, 2025 (50 weeks) | April 1, 2025 |
| Compliance Risk Management— English | VITARA— Compliance Risk Management | https://cvent.me/0gAQaD | This eight-hour self-paced introductory course focuses on modern Compliance Risk Management (CRM) good practices. The strategic goal of CRM is to steadily increase the level of voluntary compliance over time by identifying and prioritizing risks and implementing treatments to address the risks. In this module, you will learn how adopting a systematic approach to CRM supports tax administrations to deliver this core function and achieve their overall goals successfully. | May 1, 2024 – April 15, 2025 (50 weeks) | April 1, 2025 |
