

# 2021 UNESCO Recommendation on the Ethics of AI

## ELEMENTS OF THE IMPLEMENTATION STRATEGY

1. Capacity-building and monitoring tools:
  - Readiness Assessment Methodology
  - Ethical Impact Assessment
2. AI Experts Without Borders: a roster of experts managed by UNESCO for deployment in beneficiary countries for targeted capacity-building interventions
3. Women for Ethical AI Network (W4ethicalAI) to spearhead the implementation and deployment of the Recommendation from gender perspective
4. Global Forum on Ethics of AI as an annual high-level flagship event
5. Observatory of AI Ethics to gather state of the art analysis around the world on ethical AI

# THE READINESS ASSESSMENT METHODOLOGY

*is currently being implemented in 58 countries*
