I. Introduction of KONEPS

1. KONEPS(Korea On-line E-Procurement System)?

Representative e-Government System in Korea opening in 2002

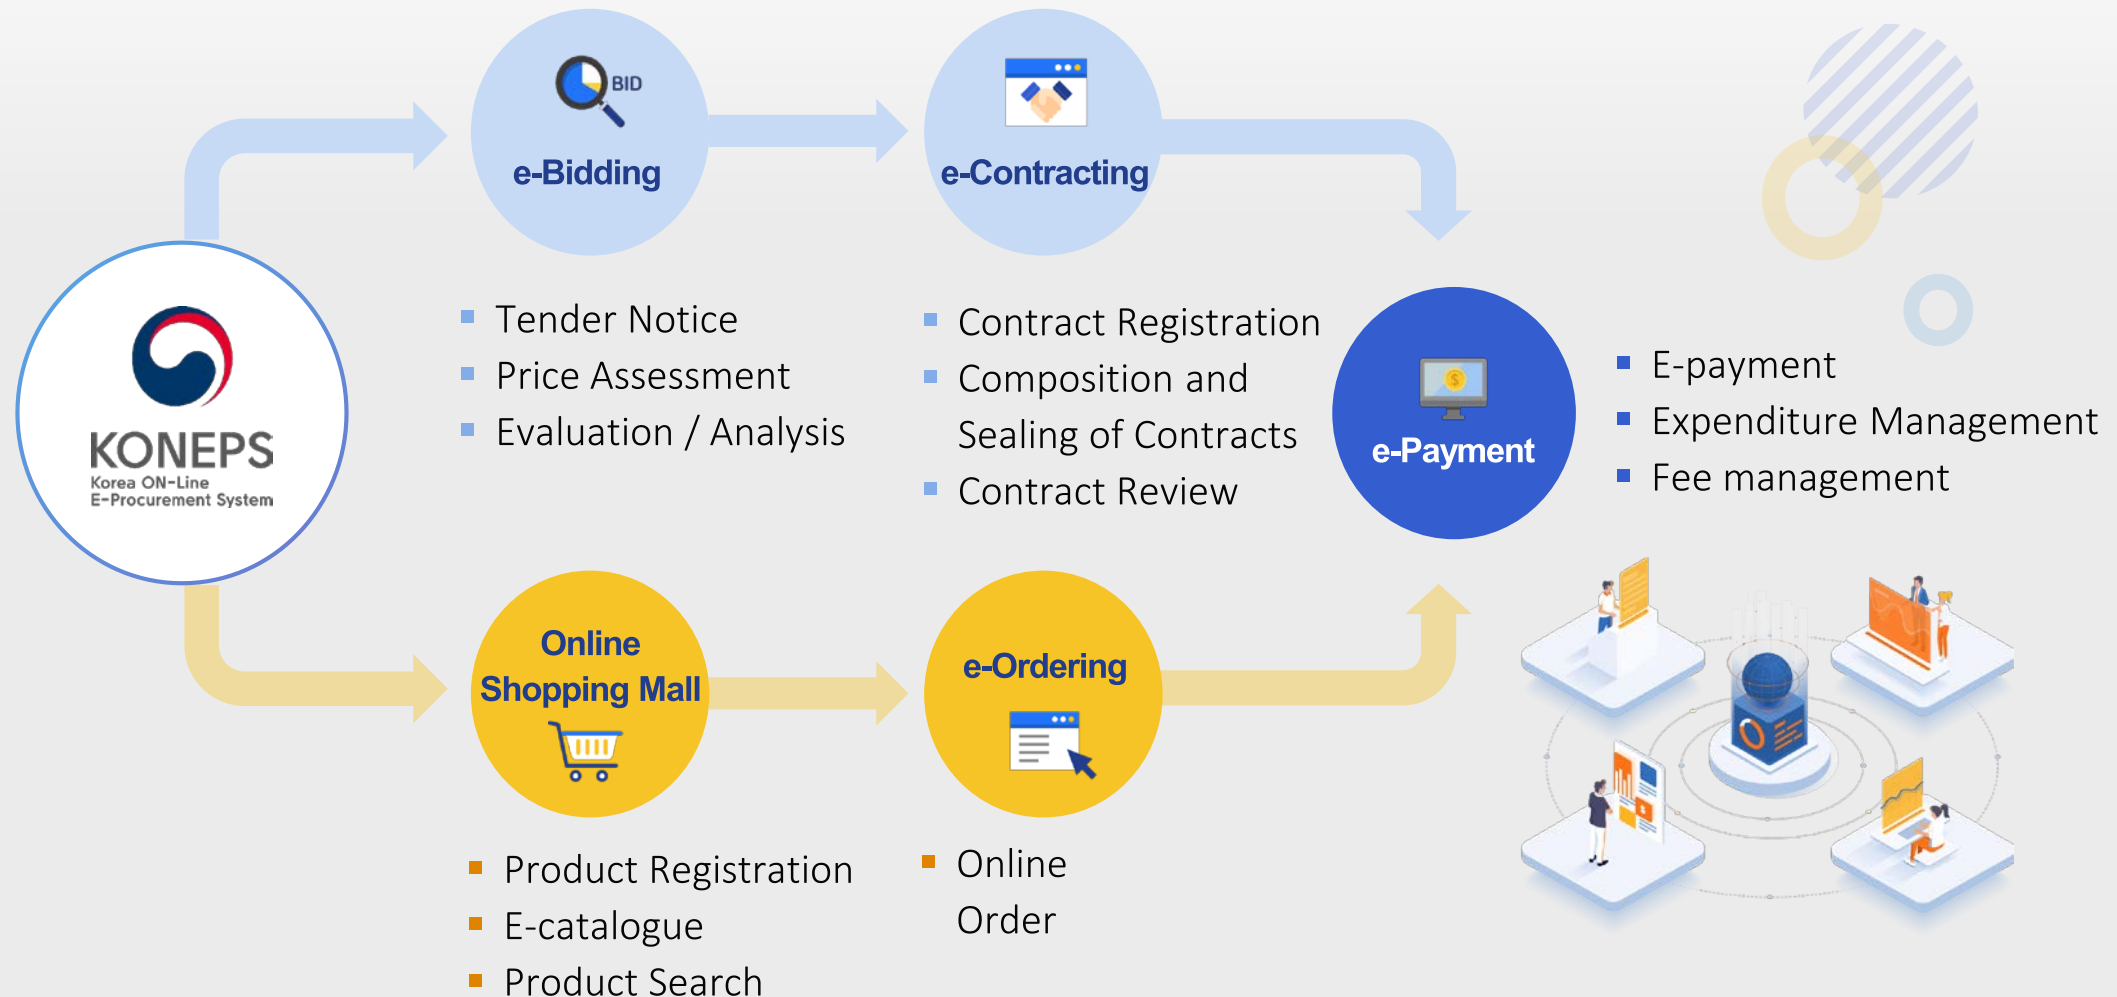

- **A single window for public procurement** that electronically handles the entire procurement process
- The entire procurement process from bidding to payment is processed on one site
- **On-line shopping mall** with ordering and payment

The Innovation of Procurement Administration through KONEPS

- **Strengthen anti-corruption** of procurement process
- Achieved **costs savings of 8 trillion won(≅ 6 billion USD)** in annual procurement by converting procurement into electronic form

I. Introduction to KONEPS

2. Key Features of KONEPS

I. Introduction to KONEPS

3. Evolution of KONEPS

I. Introduction to KONEPS
