

CDM Smith: Delivering Solutions in Asia in Urban/Rural Water, Water Resources, Environment, Transport, Energy and Facilities

Since 1964, CDM Smith has provided assessment, planning, design, tendering support, supervision, construction, capacity building and training among other services for numerous environment and infrastructure projects in most countries throughout the Asia-Pacific region. Our portfolio includes work funded by the Asian Development Bank, Australian Department of Foreign Affairs and Trade, KfW Development Bank, Millennium Challenge Corporation, U.S. Agency for International Development, U.S. Trade and Development Agency and the World Bank.

CDM Smith works in partnership with bilateral donors, multilateral banks and host country beneficiaries to improve the lives of people worldwide.
