

# ADB SECURE WEBINAR 19

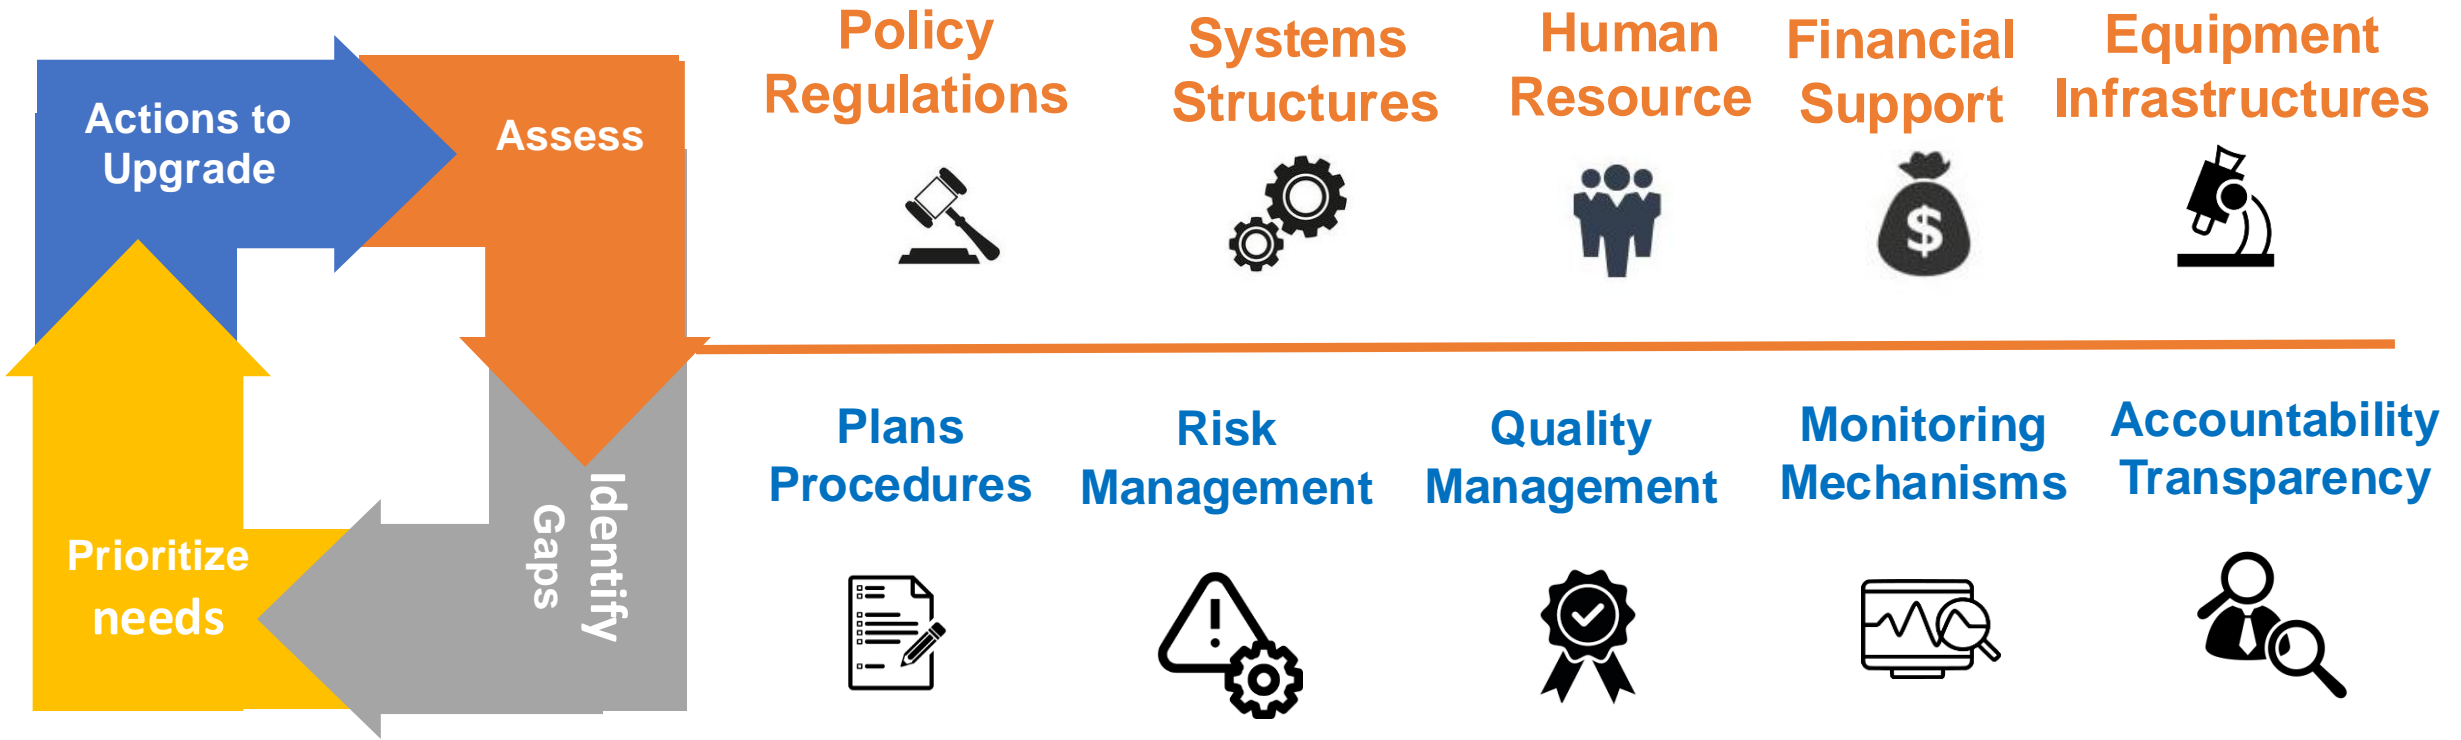

## Enhancing The Quality and Safety of Medicine in Southeast Asia

Dr Kyi Thar  
Pharmacovigilance Expert  
ADB TA6767: SECURE Project

# Enablers to Enhance The Quality and Safety of Medicines

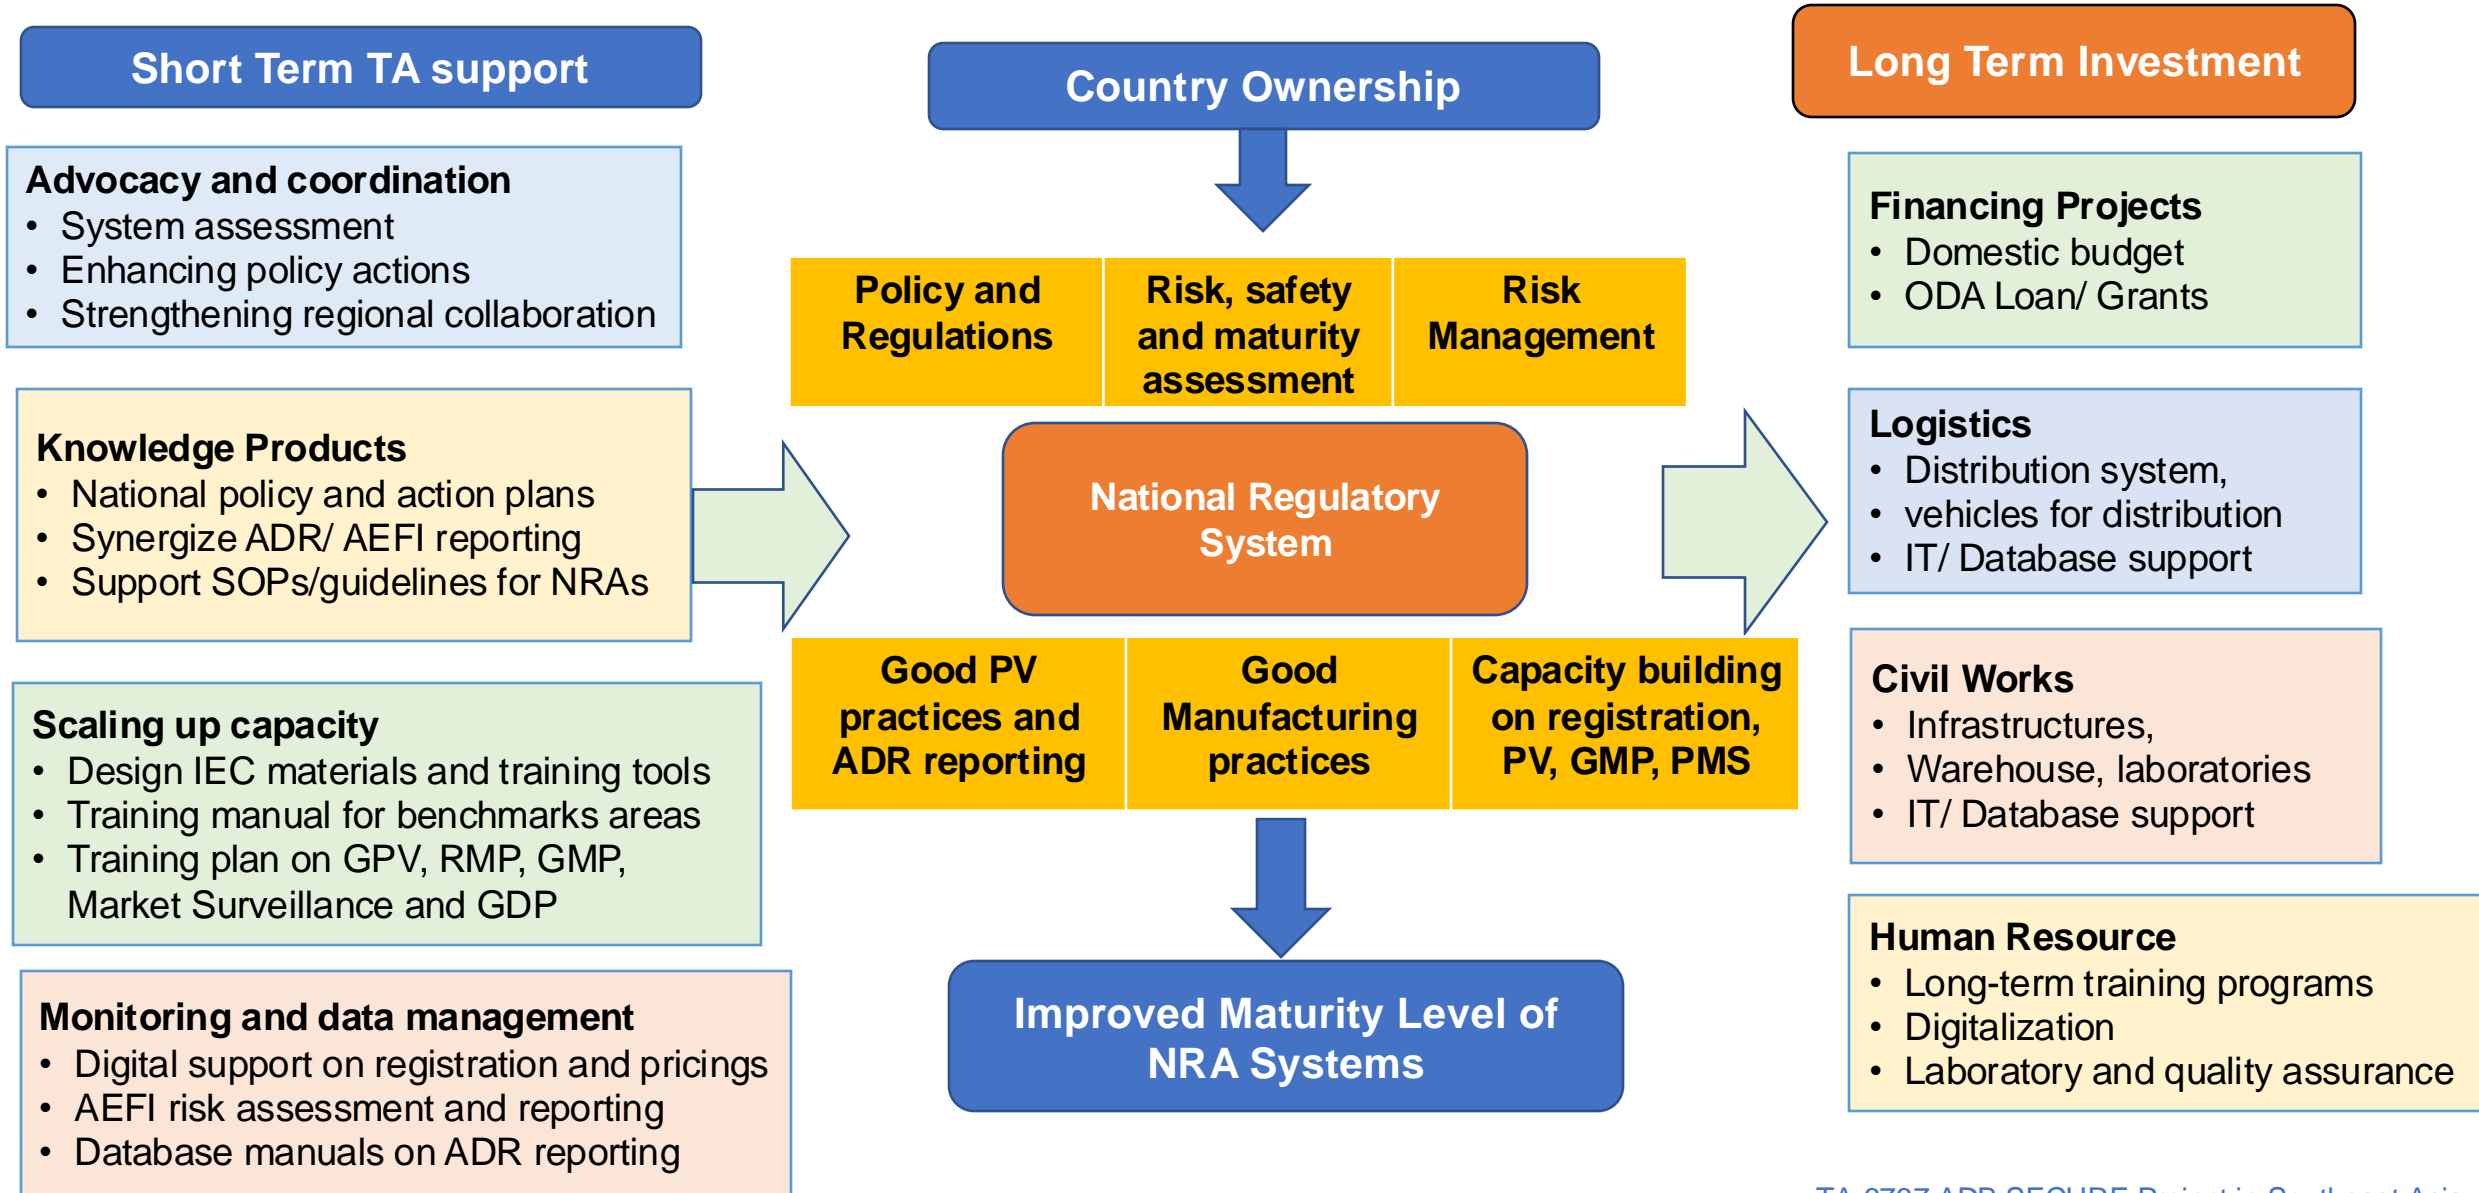

Maturity Level of National Regulatory Authority  
(Essential)

Maturity Level of NRA (Advance)

# TA 6767 SECURE: Strategic Framework for Improving NRA Maturity in Southeast Asia

# SECURE Project Achievements

## Regional Support

- Assess the countries situations, identify gaps and challenges
- Enhanced regional PV network among SECURE countries
- Developed Regional knowledge products
- Identify the regional strategy, road map and PV investment plan

## Investment Requests (Loan/Grant)

- IT and digital Infrastructures (Thailand)
- Vaccine manufacturing facilities (Vietnam)
- Warehouse and distribution system (Lao PDR)
- Infrastructures for FDA (Cambodia)

## Thailand

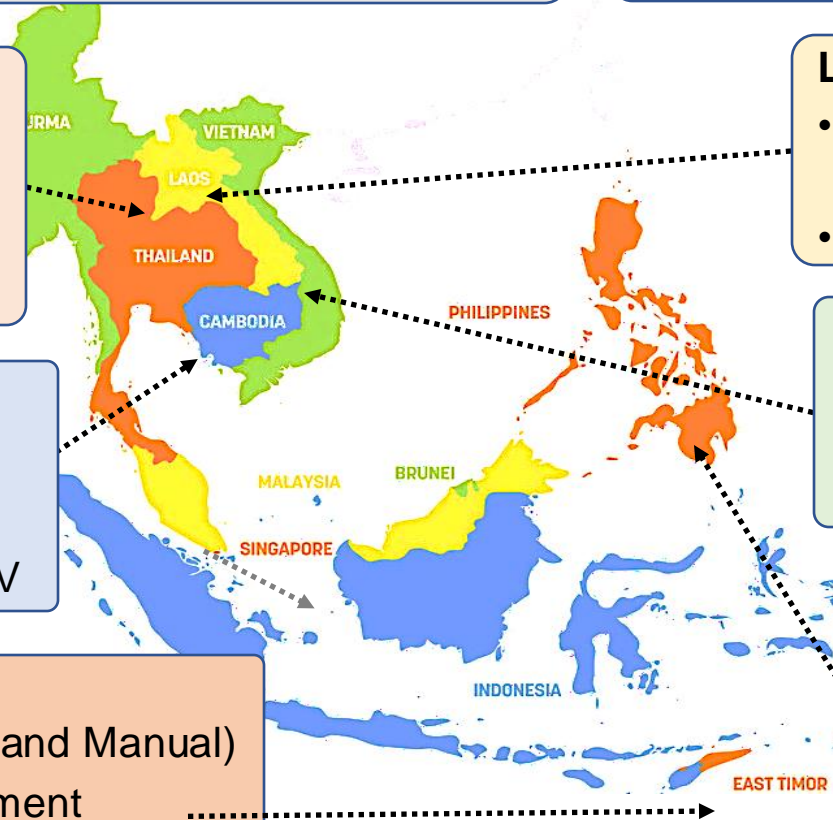

- SOPs for PV and risk-management plan
- SOPs and training plan for vaccine safety
- Design AEFI/ADR reporting system linking disease control and FDA units

## Cambodia

- Revitalized the PV advisory committee
- Designed NRA maturity assessment.
- Developed SOPs & advocacy tools on GPV

## Timor-Leste

- Support policy formulation (Pharmacy law and Manual)
- National workshop on PV system development
- Revised national PV guidelines

## Lao PDR

- Reviewed the registration, GMP, GPV and post market surveillance system
- Developed policy, regulations and SOPs

## Vietnam

- Revised SOPs for GMP and GPV
- Setup QR system for drug registration
- Supported digital tools, for dossier

## Philippine

- Support national NRA assessment
- Strengthen post market surveillance
- Review GMP and PV guidelines

Our resources will be treasured to improve the NRA/PV systems

**Thank You**
