Pacific Infrastructure Business Opportunities Seminar 2026

25-27 MAY 2026 | CROWNE PLAZA HOTEL, NADI, FIJI

Samoa Infrastructure Marketplace

Samoa's Infrastructure Direction

Samoa's infrastructure priorities are guided by the Government's national development priorities under the draft Pathway for the Development of Samoa (PDS 2026/27–2030/31), particularly Key Priority Area 11: Public Infrastructure Asset Management. Current areas of focus include utilities, climate resilience, connectivity and mobility, and digital infrastructure, supported through Government and development partner investments.

Priority Areas

- Water and energy security
- Transport connectivity
- Digital infrastructure and systems
- Climate-resilient public infrastructure

Marketplace Message

Opportunities exist across infrastructure delivery, technical services, support systems, and long-term partnerships.

Priority Infrastructure Pipeline

Transport & Connectivity

- Roads, ports, airports, and inter-island connectivity

Water & Energy Security

- Utility resilience and renewable energy investments

Digital & Systems Infrastructure

- ICT systems and digital government platforms

Delivery Outlook

- Continued opportunities anticipated across:
- Engineering and advisory services
- Project supervision and implementation support
- ICT and infrastructure delivery services

What is Samoa signaling to the market?

Samoa's Approach

- Early market engagement encouraged
- Local partnerships and joint ventures welcomed
- Opportunities across both capital works and enabling systems

Focus Areas for Collaboration

- Engineering and technical advisory
- Climate-resilient infrastructure delivery
- Digital systems and asset management
- Capacity building and long-term sustainability

Samoa welcomes partnerships that support resilient infrastructure, stronger connectivity, and sustainable national development.
