Project Procurement Framework of IsDB

IsDB Project Procurement – Framework

IsDB Article of Agreement 1

IsDB “**ARTICLE OF AGREEMENT**” mandates (i) the use of Bank’s managed **fund strictly for the purpose intended** with regards to economy and efficiency (ii) **the use of competitive approach** for procurement and promoting **development of Member Countries**

2

IsDB BED

IsDB Board Executive Directors (representing all Member Countries, hence **supersedes** each MC’s regulation) **mandates** the use of IsDB Procurement Guidelines for Project financed by the Bank

IsDB Procurement Guidelines 3

Use of IsDB Procurement Guidelines is **mandatory for Procurement of contract financed in whole or in parts by IsDB** as further reflected in Project Documents (PAD,RRP) and Financing Agreement.

Project Procurement - IsDB Procurement Guidelines

16

IsDB Procurement Policies and Procedures are detailed in Two Distinct Guidelines

01

Defines policies, process, methods, criteria, steps, and review process by IsDB

02

Each includes concepts and approaches which are different for procurement of goods or works and selection of consultant

03

Further operationalized by a list of procurement documents (bidding documents, evaluation report, etc.)

Project Procurement - Stakeholders

SOLELY RESPONSIBLE FOR PROCUREMENT

01

EFFECTIVE AND ECONOMIC PROCUREMENT

- Prepares Procurement Strategy
- Prepares Procurement Plan
- Prepares and issues PQ and bidding documents
- Invites applications for PQ, bids/proposals
- Receives and evaluates PQ/bids/proposals
- Awards Contracts

02

SUCCESSFUL COMPLETION OF THE PROJECT

- Implements projects and deals with all contractual issues

ROLE OF IsDB

19

SUPERVISES THE PROCESS

ASSISTS BENEFICIARY IN PREPARATION OF PROJECTS

ASSESSES BENEFICIARIES' CAPACITY AND PROCUREMENT RISKS AND SUGGESTS MITIGATION MEASURES

REVIEWS AND CLEARS PROCUREMENT STRATEGY AND PLANNING, BENEFICIARIES PROCUREMENT PROCEDURES, PLANS, ADVERTISING, PREQUALIFICATION, PROCUREMENT DOCUMENTS, EVALUATION REPORT AND AWARD RECOMMENDATIONS AND CONTRACTS TO ENSURE COMPLIANCE WITH FINANCING AGREEMENTS

MAKING DISBURSEMENTS IF:

- TERMS IN THE FINANCING AGREEMENT IS MET
- PROCUREMENT PROCEDURES ARE FOLLOWED

Eligibility Conditions

1.8 Eligibility

1.8.1 It is a fundamental policy of IsDB that the Request for Bids (RFB) shall unequivocally stipulate that the Goods, Works and/or Related Services provided by the Contractor, and its associates and sub-contractors, shall be in strict compliance with the Boycott Regulations of the Organization of the Islamic Cooperation, the League of Arab States, and the African Union (Boycott Regulations). The Beneficiary shall advise prospective Bidders that Bids will only be considered from Firms that are not subject to these Boycott Regulations. The Bidder shall provide a letter of oath to that effect.

1.8.2 A Firm from a country may be excluded if:

a) As a matter of law or official regulation, the Beneficiary's country prohibits commercial relations with that country;

b) By an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations the Beneficiary's country prohibits any imports of Goods from, or payments to, a particular country, person, or entity; or

c) In accordance with IsDB's Cross-Debarment Agreement.

1.8.3 The eligibility of a Firm will be determined during the evaluation process. In cases where Firms withhold information to evade disqualification on account of the eligibility requirement, the Beneficiary will have the right to cancel the contract at any time and also to penalize such Firms and claim compensation for losses incurred by the Beneficiary and/or IsDB as a consequence thereof. IsDB reserves the right not to honour any contract if the Contractor involved is found to be ineligible based on the eligibility requirement stated herein.

1.11 Eligibility

1.11.1 It is a fundamental policy of IsDB that the RFP shall unequivocally stipulate that the Consultancy Services provided by the Consulting Firm/Individual Consultant, and its associates and sub-Consultants, shall be in strict compliance with the Boycott Regulations of the Organization of the Islamic Cooperation, the League of Arab States, and the African Union (Boycott Regulations). The Beneficiary shall advise prospective Proposers that Proposals will only be considered from Consulting Firms/Individual Consultants that are not subject to these Boycott Regulations. The Proposer shall provide a letter of oath to that effect.

1.11.2 Consultants from a country may be excluded if:

a) As a matter of law or official regulation, the Beneficiary's country prohibits commercial relations with that country;

b) By an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Beneficiary's country prohibits any payment to a particular country, person, or entity; or

c) In accordance with the IsDB Debarment/ Sanction decision or Agreement.

1.11.3 The eligibility of a Consultant will be finally determined at the time of signature of the contract. In cases where Consultants withhold information to evade disqualification on account of an eligibility requirement, the Beneficiary will have the right to cancel the contract at any time and also to penalize such Consultants and claim compensation for losses as a consequence thereof to the Beneficiary and IsDB. IsDB reserves the right not to honour any contract if the Consultant involved is found to be ineligible based on the eligibility requirements stated herein.

Shortlisting Consulting Firms and Defination of MC / Domestic Consulting Firm

1.6 Shortlisting Consulting Firms

- 1.6.1 The Beneficiary is responsible for the preparation of the shortlist and submits the shortlist for No-Objection to IsDB, unless otherwise agreed in the PP. There are three types of shortlists – namely:

- a) International shortlists, which may include Consulting Firms from any country, including MCs;

- b) MC shortlists, which include only Consultants from MCs; and

- c) Domestic shortlists, which include only Consultants from the Beneficiary country ⁴.

- 1.6.2 IsDB requires that any shortlist, whether international, MC or domestic, consist of five (5) to six (6) Consultants, reflecting in the case of international and MC shortlists a reasonable geographical distribution and including not more than two (2) Firms from anyone (1) MC. The

- 1.11.4 For the purpose of these Guidelines, an MC Firm is defined as follows:

- a) It is established or incorporated in an IsDB MC;

- b) Its principal place of business is located in an MC;

- c) Its chief officer is a national of an MC; and

- d) More than half of its managerial and professional staff are nationals of an MC or MCs.

- 1.11.5 For the purpose of these Guidelines, a domestic Firm of an MC is defined as follows:

- a) It is established or incorporated in the MC where the assignment is to be carried out;

- b) Its principal place of business is located in the MC;

- d) Its chief officer is a national of the MC; and

- e) More than half of its managerial and professional staff are nationals of the MC.

Shortlisting Consulting Firms and Definition of MC / Domestic Consulting Firm

1.1 Purpose and Scope of International Competitive Bidding (ICB)

- 1.1.1 The purpose of ICB, whether through open ICB or ICB limited to MCs (ICB/MC), is to provide the Beneficiary with a wide range of choices for selecting the best Bid from competing Bidders, and to give all prospective Bidders from eligible source countries an adequate, fair, and equal opportunity to Bid for the Goods, Works and/or Related Services being procured under IsDB Project Financing.
- 1.1.2 Since IsDB encourages the development of industries and engineering organizations in its MCs, it considers that, as a matter of priority, the Goods, Works and/or Related Services it finances should be procured, to the extent possible, from its MCs. ICB open to Non-MC Firms will, however, be allowed:

- a) For the procurement of Goods, Works and/or Related Services for which it is considered that MCs do not yet have enough competent companies that are able to provide such Goods, Works and/or Related Services in all regions of IsDB membership; or

- b) If the geographical location of the project/ country or the prevailing market conditions in the Beneficiary's country/ region will make it unlikely that enough acceptable Bids will be received from MC Firms; and

- c) If a) or b) is verified in the PP and PS.

- 1.8.4 For the purpose of these Guidelines, a Member Country (MC) Firm shall comply with all of the following:

- a) It is established or incorporated in an IsDB MC;

- b) Its principal place of business is located in an IsDB MC; and

- c) It is more than fifty (50) per cent beneficially owned by a Firm or Firms (which must also qualify as to nationality) in one or more MC and/or citizens of such MC.

Margin of Preference applied for Goods and Works tenders

1.12.8 Margin of Preference:

- 1.12.8.1 With the consent of IsDB, under ICB, a margin of preference may be provided to MC Firms when comparing Bids from MC Firms for Goods manufactured in MCs with those from Non-MC Firms. The Bidding Documents should refer to this preference and specify the manner in which it will be applied. The preference shall be stated in the RFB, with IsDB No-Objection. In the case of Goods, no Goods shall be eligible for this preference except those Goods complying entirely with the required specifications and standards. Such preference shall not exceed fifteen (15) per cent of the price of the lowest evaluated offer (after the exclusion of customs duties, taxes, and other charges). It is a condition for the Application of this preference that the added value in the MC reaches thirty (30) per cent or more.
- 1.12.8.2 Under ICB, in the case of civil Works, a margin of preference may be provided to local (domestic) Contractors. It shall be a percentage to be agreed with the Beneficiary and shall not exceed ten (10) per cent of the value of the lowest Bid that satisfies the conditions of the technical and financial evaluation. In the case of JVs or any other form of association between MC Firms and Non-MC Firms (excluding subcontracting arrangements), the above margins of preference shall not be applied. More information is provided in Annex E.

Learning Resources

01

Federation of Contractors from Islamic Countries (FOCIC) / Federation of Consultants from Islamic Countries (FCIC)

- IsDB helped to establish these federations in 1986 (FCIC) and 1991 (FOCIC).
- IsDB supports both federations as part of IsDB policy of MC preference, and to support private sector/job creation in MCs.
- IsDB provides venues for both federations to hold their annual General Assemblies during the IsDB AM.
- IsDB jointly organizes seminars and capacity building events in MCs online and physically.
- Consultants & Contractors are encouraged to join to enhance networking, JV opportunities, capacity building & knowledge sharing.

02

FCIC

- Its membership consists of 100 Consulting firms from 23 Member Countries. Registered as NGO in Istanbul, Turkey. Executive Director based in Ankara.

03

FOCIC

- Restructured in 2022 with new constitution, host country and Board of Directors. Constitution adopted by Contractors' Federations from 27 MCs.
- Currently under process for registration as International Organization in KSA.
